The roll was called and the following Supervisors were noted present:

Absent: Supervisor Barbagelata—1.

Quorum present.

No objection; *request granted.*

SPECIAL ORDER — 2:00 P.M.

Hearing Concluded

Consideration of revision of Municipal Railway schedule of rates, fares, and charges applicable to school fares as established by the Public Utilities Commission on December 12, 1972, by Resolution No. 72-0424.

File 261-72-1.

(Ordinance No. 7384 (Series of 1939), prescribing the information to be furnished whenever the Public Utilities Commission shall submit to the Board of Supervisors a proposal to fix, change or adjust utility rates, charges or fares and prescribing the procedure to be followed by the Board of Supervisors in its consideration thereof, requires that prior to approval or rejection of such proposal the Board of Supervisors by a majority vote shall adopt a resolution . . . making a finding, based on the data submitted, whether or not said proposal . . . has been so fixed that the revenue therefrom shall be sufficient to pay, for at least the balance of the current fiscal year . . . all expenses of every kind and nature incident to the operation and maintenance of the affected utility, together with the interest and sinking funds, charges for any bonds issued for the acquisition, construction or extension of said affected utility.

(Mr. John Farrell, Secretary and Assistant General Manager, Administration, of the Public Utilities Commission, advises that the Commission is not able to determine whether or not such change in rates, charges or fares would result in a tax subsidy.

(Under the circumstances, there is no resolution now before the Board to record any prerequisite finding relative to a tax subsidy.)

John M. Woods, General Manager, Municipal Railway, explained the Public Utilities Commission action and recommended approval.

The Chair inquired if anyone present wished to speak either for or against the subject fare change. There being no response, the Chair declared the hearing concluded.

Postponed Temporarily

The following presented by the Clerk was taken up:

Resolution approving revision to Municipal Railway schedule of rates, fares, and charges applicable to school fares as approved by the Public Utilities Commission by Resolution No. 72-0424 dated December 12, 1972.

File 261-72-1, Resolution No.

In response to a question by Supervisor Tamaras, Deputy City Attorney Stark recommended that the Board adopt a resolution making a finding as to whether or not the proposed change requires a tax subsidy; even though this proposal does not show on its face whether it will result in greater or lesser revenue, the Municipal Railway will still be operating at a deficit.

Supervisor Tamaras, seconded by Supervisor Francois, moved that consideration be temporarily postponed to permit preparation of a resolution making a finding as recommended by the City Attorney.

No objection; *motion adopted.*

No objection; *motion adopted.*

The Chair presented a statement of Supervisor Barbagelata for inclusion in the Journal as follows: "If there is a classification change with respect to any particular provision, there must be a corresponding change in the duty statement relative to it. If there is not a change in the related duty statement, then the Board will be violating applicable Federal law as expressed in Regulation No. 201-60 of the Stabilization Program Guidelines which reads: '(a) Promotion. Increases due to promotion where the duties and responsibilities of an employee in the appropriate employee unit have materially changed from the duties and responsibilities of such employee in the job, job classification, or position previously held.'

"If I had been able to attend today's meeting, I would have voted against any classification change in violation of the above regulation unless today there had been presented by the Civil Service Commission an appropriately changed duty statement to support the reclassification."

Supervisor Feinstein requested that a communication be directed to the Police Department, enclosing a copy of the report by the General Manager, Recreation and Park Department, and asking that the department give priority to calls alerting the Police Department to acts of vandalism in the hope that apprehension and arrest of persons perpetrating such acts will deter others and will reduce the magnitude of the problem for the Recreation and Park Department.

Request that United Air Lines be advised of City's need for financial data on which to base possible future legislation relative to the Airport.

File 431-72-1.

Supervisor Feinstein referred to hearings currently being held by Finance Committee on the management audit report on the Airport prepared by the Budget Analyst of the Board of Supervisors and specifically to the refusal of United Air Lines to permit inspection of that company's books and financial records in order to determine the actual cost per enplaned passenger and the relationship of landing fee costs to total costs.

Supervisor Feinstein, joined by Supervisor Gonzales, requested that a communication over her signature be directed to Mr. James J. Hartigan, Senior Vice President and General Manager, Western Division of United Air Lines, asking that—in view of the Board's need to have precise financial data on which to base possible future legislation, such as a Charter amendment or establishment of an airport "head tax"—United Air Lines grant permission for an examination of the company's books by the Board's Budget Analyst.

A copy of the complete text of Supervisor Feinstein's statement is contained in the file.

Supervisor von Beroldingen suggested that shareholders in United Air Lines write requesting permission to examine United Air Lines books and records.

Referred to Committee

Request that appropriate committee hold public hearings to determine what legislative action will be required to place authority in the City and County of San Francisco for employment of additional security guards at San Francisco International Airport.

Supervisor Francois referred to a recent amendment of Federal Aviation Regulations, requiring that operators of airports provide for the presence of armed law enforcement personnel prior to and throughout the screening of passengers boarding airplanes. He called attention to the fact that, pursuant to said amendment, seventy additional security guards will be required at the airport and that the sheriff of San Mateo County has indicated that he will not deputize additional airport police officers but will use men who are trained by his department and who report to him.

Supervisor Francois requested that committee hearings be held on this subject with a view to determining what legislative action would be required to permit the use of employees of the City and County of San Francisco as security guards at the airport.

Referred to State and National Affairs Committee.

Now Supervisor Molinari understands that the Art Commission has objected to the use of these shingles and contracts are now being let to replace the red tiles on school roofs.

Supervisor Molinari requested that a communication on his behalf be directed to the Board of Education, asking what has transpired and what motivated the replacement of the red tiles. He said he wishes this information in order that he may determine whether an investigation by a committee of the Board is indicated.

Inquiry

Supervisor Molinari asked the Controller whether all departments have responded to the recommendations contained in the annual audit of the Controller's books conducted by Main, La-frentz & Co. for the fiscal year 1971-72. He was concerned that it is now six months since the end of that fiscal year and inquired whether any action has been taken to implement suggestions and remedy deficiencies noted.

The Controller responded that all departmental reports have been received and his office is in the process of compiling a report to the Board concerning the auditor's recommendations and department responses thereto.

Supervisor Molinari inquired whether anything could be done to speed up the process so that reports could be completed nearer the end of the fiscal year involved.

The Controller stated that staff is not immediately available for special assignments, but that the addition of two positions, included in next year's budget request, to be assigned exclusively to this task will enable his department to submit a report to the Board sooner. He also stated that his office is currently implementing the auditor's general recommendations.

1. The first part of the paper is devoted to the study of the properties of the function $f(x)$ defined by the equation

$$f(x) = \int_0^x \frac{1}{1+t^2} dt$$

for $x \in \mathbb{R}$. It is shown that $f(x)$ is an odd function and that it satisfies the inequality

$$f(x) \leq \frac{\pi}{2} \quad \text{for } x \geq 0.$$

2. In the second part, we consider the function $g(x)$ defined by the equation

$$g(x) = \int_0^x \frac{t}{1+t^2} dt$$

for $x \in \mathbb{R}$. It is shown that $g(x)$ is an even function and that it satisfies the inequality

$$g(x) \leq \frac{\pi}{4} \quad \text{for } x \geq 0.$$

Consideration Continued

The following from Legislative and Personnel Committee with
recommendation "Do Pass After Amendment" was taken up:

**Salary Standardization Ordinance, Charter Sections 8.400
and 8.401, for miscellaneous employees, effective July 1,
1973.**

File 106-73-1, Ordinance No.

Motion to Amend

Supervisor Kopp presented the report of the Legislative and Personnel Committee, stating that the Committee had agreed to submit to the Board for consideration each member's individual ideas concerning amendment of the Civil Service Commission's recommendations, based upon his concept of the manner in which salary standardization elements should be applied at this time. (See file for text.)

Supervisor Kopp moved adoption of the following salary standardization provisions:

(1) An increase of 7½% for all benchmark classifications and related classes which are 7½% to 15% underpaid, with certain exceptions as set forth in the pamphlet containing the Committee's unanimous and majority recommendations;

(2) An increase of 5% for all employees 5% to 7.4% underpaid, with certain exceptions as set forth in the pamphlet containing the Committee's unanimous and majority recommendations;

(3) An increase of 2½% for all other employees, with the few recommended exceptions which the Committee has approved unanimously or by majority vote and which are included in the pamphlet of Committee recommendations;

(4) The continuing and revised Administrative Provisions as set forth in Supervisor Kopp's statement; and

(5) Thereafter, passage of the Salary Standardization Ordinance, as amended, for second reading.

Motion seconded by Supervisor Tamaras.

Supervisor Francois presented his statement, concurring in the recommendations with respect to the classifications recommended for a 5% or 7½% increase, but expressing concern that once again those employees within the lower classifications, including janitors, orderlies and porters, have been recommended for the lowest percentage increase—2½%. (See file for text.)

Supervisor Francois, seconded by Supervisor Feinstein, moved as an amendment of Supervisor Kopp's pending motion to amend, that, except for those classifications where the Legislative and Personnel Committee has made specific recommendations, all classifications with a maximum compensation of \$1,000 per month or less who were recommended for an increase of less than \$50 per month by the Civil Service Commission be granted an increase of \$50 per month, and all classifications at salary schedule 29.5 or higher be increased to a minimum of 5%, or to that salary schedule recommended by the Legislative and Personnel Committee.

After discussion the roll was called and Supervisor Francois' amendment was refused adoption by the following vote:

Ayes: Supervisors Feinstein, Francois, Gonzales, Mendelsohn—4.

Noes: Barbagelata, Chinn, Kopp, Molinari, Tamaras, von Beroldingen—6.

Absent: Supervisor Pelosi—1.

Supervisor Barbagelata then pointed out there are numerous positions currently being compensated up to 32.5% over data. He stated that granting salary increases as proposed for these classes would cost \$2,100,00 to compensate those already overpaid.

Supervisor Barbagelata then moved as an amendment to Supervisor Kopp's pending motion to amend, that no pay increases be granted for those classifications 9.5% to 32.5% over prevailing rates.

Motion lost for want of a second.

Thereafter the roll was called and Supervisor Kopp's motion to amend was refused adoption by the following vote:

Ayes: Supervisors Chinn, Kopp, Molinari, Tamaras—4.

Noes: Supervisors Barbagelata, Feinstein, Francois, Gonzales, Mendelsohn, von Beroldingen—6.

Absent: Supervisor Pelosi—1.

Supervisor Mendelsohn, seconded by Supervisor Feinstein, then moved that consideration of the ordinance be continued one week.

In response to inquiry by Supervisor Mendelsohn, the Clerk explained that although the schedule contemplates today as the last day on which the proposed ordinance may be passed for second reading, the matter could be postponed one week and still meet the time requirements if the Mayor would agree to act on the proposal in less than the ten days to which he is entitled.

Supervisor Mendelsohn stated that postponement for one week would allow the members to work out a compromise proposal which would be acceptable to a majority.

Motion to continue to March 12, 1973, adopted by the following vote:

Ayes: Supervisors Chinn, Feinstein, Francois, Gonzales, Mendelsohn, Molinari—6.

Noes: Supervisors Barbagelata, Kopp, Tamaras, von Beroldingen—4.

Absent: Supervisor Pelosi—1.

Consideration Continued

The following Special Order, heretofore considered and temporarily postponed was taken up:

Hearing of appeal from decision of the City Planning Commission denying a conditional use of property at the northeast corner of Geary Boulevard and Fifth Avenue for an automatic exterior car wash with gas pumping facility in a C-2 district.

File 93-73-2.

A representative of the City Attorney's office advised that postponement for one week would not conflict with time limitation for Board action.

There being no objection, upon motion by Supervisor Tamaras, seconded by Supervisor Mendelsohn, the hearing was postponed to March 12, 1973.

Resolution disapproving decision of the City Planning Commission denying a conditional use of property at northeast corner of Geary Boulevard and Fifth Avenue for an automatic exterior car wash with gas pumping facility in a C-2 district.

STATEMENT OF SUPERVISOR QUENTIN L. KOPP

RE TAX BASE EROSION

Pursuant to the Board's Rules of Order, these comments are to be included in the Journal of Proceedings for the Board's meeting of March 5, 1973 in which the Board gave initial passage to two ordinances, one establishing a special fund from fees collected at municipally owned and operated golf courses, and the other establishing a special fund from fees collected at miscellaneous Recreation and Park Department concessions.

I have consistently supported the Citizens' Golf Association of San Francisco and other San Francisco golf groups in securing the best possible care and administration of our golf courses. However, I am opposed to these (and all other) special fund ordinances because there is a much larger and more serious principle involved.

In the framework of our Charter there is contained a definite procedure whereby the taxpayers' monies are deposited mainly in a General Fund and then are allocated and disbursed under systems of priority only with the approval of the legislative body, the Board of Supervisors, who are the elected representatives of the people charged with the direct responsibility of protecting and conserving tax funds.

When we permit the authority of the Board of Supervisors to be eroded so that they may not freely, according to the particular times and emergencies and priorities which may present themselves, allocate tax funds to necessary objectives of expenditure, we create special privileges to be served by these special funds, and having taken a slice or slices out of the General Fund, we must resort with greater and more burdensome impact to the property taxpayer to make up the deficit in the abbreviated General Fund.

For a long time after 1932 when the new Charter and its effective system of checks and balances and budgetary controls was put into effect, the Board of Supervisors resisted consistently the departmental attempts to carve special slices out of the City's revenue and retain them within departmental controls or for special departmental purposes to the exclusion of having them go into the General Fund where the Supervisors could select the projects upon which the revenues ought to be spent. Now, however, there appears to be a weakening of the opposition to erosion of the General Fund.

In 1972 alone, two such special funds, an Information and Publication Account for the same department requesting these, namely, the Recreation and Park Department, and a Municipal Railway Transit Information Fund, were established over the vote of one or more of my colleagues and me. We are today, only two months and five days into 1973, presented with two more special funds, and it is my prediction that in a very short time the deficiencies which will result from continuing designation of special uses for revenue will force the property tax rate up sharply.

There is a noticable tendency to approve such requests of special interests, even to the extent of sequestering tax revenues for construction of transit stations, as well as for zoo purposes, golf purposes, convention center purposes, recreation concession purposes, and so on. I will continue to resist such manipulation which can only result in a greater burden being placed on the property taxpayer and in a diminution of the budgetary operation and power of the Board of Supervisors.

Finally Passed

Ordinance appropriating \$33,057, Social Services, for Nutrition Enhancement Program, and \$6,374, Sheriff, for holiday pay and fixed charges; an emergency measure.

File 201-72-80, Ordinance No. 100-73.

Statements

Supervisor Barbagelata read into the record the following:

Monday, March 19, 1973, Supervisor Barbagelata moved to amend the 1973-74 Salary Standardization Ordinance as follows: Increase pay scales of all miscellaneous employees series of employment up to 10% but not more than 4% above prevailing rates of pay. Do not grant pay increases to series of employments 4.9% and above prevailing rates of pay".

Aye Votes: Supervisors Barbagelata, Kopp, Molinari, Tamaras, von Beroldingen.

No Votes: Supervisors Chinn, Feinstein, Francois, Gonzales, Mendelsohn and Pelosi.

Supervisor Feinstein's amendment providing for a 4% increase to all employees not recommended for more than 4% was passed by the Board.

Aye Votes: Supervisors Chinn, Feinstein, Francois, Gonzales, Mendelsohn and Pelosi.

No Votes: Supervisors Barbagelata, Kopp, Molinari, Tamaras, von Beroldingen.

The total pay package is estimated to be \$8,000,000. \$3,155,786 will be paid to employments 4.9 to 32.5% above prevailing scales increasing those percentages to a minimum of 9% to 37.7% above prevailing rates. If those series of employments were not granted the increases adopted by the Board of Supervisors, the package would have been reduced to \$4,844,214. My amendment would have increased this figure by \$1,677,000, making the total package \$6,521,214.

The effects of Supervisor Barbagelata's amendment are as follows:

- (a) Package would have been reduced by \$1,478,786.
- (b) 4,582 employees or 30% now compensated below prevailing rates would have received higher increases than passed by the Board.

The effects of Supervisor Feinstein's proposal are as follows:

- (a) 3,150 or 20% of miscellaneous employees will still be below prevailing rates.
- (b) 3,744 or 20% of miscellaneous employees will be from prevailing to 9% above.
- (c) 3,516 or 23% of miscellaneous employees will be from 9% to 12.5% above.
- (d) 5,070 or 33% of miscellaneous employees will be from 14% to 20% above.

(A detailed analysis, prepared by Supervisor Barbagelata, of the effects of his amendment as opposed to Supervisor Feinstein's amendment, is on file in the office of the Clerk of the Board in File No. 106-73-1.)

Supervisor Feinstein requested that the record reflect her suggestion to the Legislative and Personnel Committee that next year if at all possible it bring out a majority report so that this Board will not have to negotiate a majority. She requested that in the event there is no collective bargaining next year, that her request be relayed to next year's Legislative and Personnel Committee.

Supervisor Kopp stated that the Legislative and Personnel Committee spent numerous hours in public hearings and agreed on about 75% of the recommendations, and that the members in individual good conscience each had a different approach to the balance of about 25%.

Supervisor Molinari pointed out that the same committee brought out a majority report last year which was rejected by this Board.

The roll was called and the ordinance was finally passed by the following vote:

Ayes: Supervisors Chinn, Feinstein, Francois, Gonzales, Mendelsohn, Pelosi—6.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR RE- PORTED UPON BY A COMMITTEE

Referred to Committee

Resolution urging the Bay Area Rapid Transit District Board of Directors to adopt recommendations of its special consultant, and to retain a qualified reliability assurance group to implement such recommendations forthwith and conduct a thorough study of the automatic train control system.

Supervisor Kopp presented:

File 137-73-2, Resolution No.

Supervisor Kopp moved immediate adoption. Upon objection of Supervisor Francois to immediate adoption, the matter was referred to Streets and Transportation Committee.

Statement

Supervisor Kopp requested that the Journal reflect his reasons for urging immediate adoption. He stated that there is good reason to believe that BARTD will not begin operations in San Francisco in September of this year unless steps are taken to implement recommendations made by the Profet study group. He is bringing this matter before the Board of Supervisors for immediate adoption so that it cannot be said in the future that he was in any way remiss in his duty as a member of the BARTD Board of Directors or in any way derelict in bringing to the attention of the Board of Supervisors a matter of such urgency.

Request Granted

Supervisor Kopp thereupon requested that the City Attorney be asked to advise whether San Francisco representatives on the Board of Directors of the Bay Area Rapid Transit District are under a duty, as a matter of law, to vote in such multi-county capacity in accordance with San Francisco's officially established policy.

No objection and Clerk directed to comply.

Adopted

Resolution petitioning Federal and State authorities to initiate a program designed to afford immediate relief to consumers from sharply rising meat prices, and urging San Francisco citizens to restrict their purchases of meat until prices are decreased.

Supervisor Kopp presented:

File 175-73, Resolution No. 191-73.

Statement

At the request of Supervisor Barbagelata, the following statement of Anthony Kline, Attorney-at-Law, representing Public Advocates, Inc., 433 Turk Street, San Francisco, together with related colloquy, was ordered incorporated in the Journal. (Tape recording furnished by Mr. James Hamlin, Radio Station KCBS, as a public service.)

Mr. Kline: Thank you, Mr. President and members of the Board. This suit has been in court for almost four years, and prior to the

time that action was commenced in court, extensive negotiations were held in an attempt to settle the case without recourse to litigation. That was unsuccessful as is well known. As a result of the litigation in this case, as a direct result of the litigation in this case, the Redevelopment Agency has been compelled to construct 2,000 units of housing, 1,500 to 1,800 units of housing, low cost housing, in areas close to the Yerba Buena Project, and 400 to 500 units of housing inside the project area if our current settlement agreement as endorsed by this Board and the Redevelopment Agency is signed, as I am hopeful it will be.

The value of this low cost housing to the City and County of San Francisco is approximately 40 million dollars. This housing has been desperately needed not only by the residents of Yerba Buena, but by all people in the City and County who cannot afford housing other than subsidized low cost housing. We tried to settle this case without litigation, and after litigation was commenced we tried to settle it early. Years ago a settlement of this case would have been far less costly to all concerned than it currently probably would be, since the cost of this extensive delay would have been very small if they existed at all.

Now I remember very well in 1970 approximately five months after the Federal court issued its injunction, I requested a meeting with the Mayor of San Francisco and the then Director of the San Francisco Redevelopment Agency in an effort to settle the case. That meeting was held in the Mayor's office and there were three people present, myself, the Mayor, and M. Justin Herman, then Director of the San Francisco Redevelopment Agency. I asked for a settlement, and I was told by the Mayor that there would be none. He disagreed with the Federal Court's decision, and he implied that there would be an appeal. An appeal has never been taken, but the Director of the Redevelopment Agency, Mr. Herman, looked me in the eye and told me that if we persisted in pursuing this litigation that the strategy of the San Francisco Redevelopment Agency would be to escalate the case to inundate me and my partner, Sidney Wolinsky, and my client, with legal work—we wouldn't be able to bring another law suit, that we would be up nights, we'd be working on week-ends, and if that was what we wanted he was ready for the fight.

I told him that was not what we wanted, that we wanted to settle the case, but instead Mr. Herman escalated the litigation. Approximately one month after that meeting, the Redevelopment Agency discharged its in-house counsel who was on salary, and hired the former law partner of the Mayor of this City, Frederick Furth, who is one of the most expensive lawyers the City could have engaged, and Mr. Furth did his work well, he kept us plenty busy. For that work that was a little over a year, Mr. Furth was paid by the taxpayers approximately \$120,000. Nobody on this Board was heard to complain. Nobody complained. Mr. Furth was only involved in this litigation approximately one-fourth of the time, and he lost,

nor did he advance the interest of the City or the Redevelopment Agency whatsoever.

We've been involved in this litigation four times as long as Mr. Furth and we've been winning. Mr. Furth is now driving around San Francisco in a new Rolls Royce. Somebody is going to have to bear the cost of this litigation. I am talking about the plaintiffs' cost of this litigation. Now the plaintiffs have indicated not only their own interest in housing, they certainly indicated that, I think, but they have also won a victory for this City, I believe that. I believe that this settlement is not a victory for my client. I believe that this settlement is a victory for Robert Rumsey, for the San Francisco Redevelopment Agency, for the City and County of San Francisco, and for its citizens, particularly its low income citizens, but not simply them.

As to the point that has been raised here that my law firm is a non-profit public interest law firm that is quite true, we are. We have, however, in cases very similar to this which we have won, sought and retained fees, notwithstanding the fact that we are a foundation-supported law firm, support which, by the way, unfortunately, is not going to be permanent.

Let me just read one paragraph for the edification of Mr. Kopp from an opinion of another Federal District Court Judge in a relocation case, which my law firm won, in which the court awarded us fees, partly for the following reasons, and I quote from the court decision: "In many public interest cases only injunctive relief is sought, and the average attorney or litigant must hesitate if not shudder at the thought of taking on the City and such as the California Department of Highways, with no prospective financial compensation for the efforts and expenses rendered. The expensive litigation in such a case poses a formidable, if not insurmountable obstacle. The only public officials that might have brought suit in this case were named as defendants in this action and vigorously opposed plaintiffs' contentions".

Supervisor Mendelsohn: Excuse me, Mr. President, a point of information. Mr. Kline, how many more of those yellow sheets do you have to read from, so that we will have some idea here?

Mr. Kline: I am almost done, Mr. Mendelsohn. "Only a private party could have been expected to bring this litigation, and yet a private party is least able to bear the tremendous economic burdens. To force the private litigants to bear their own costs here would be tantamount to a penalty, and it seems so inequitable to punish litigants who have policed those charged with implementing and following congressional mandate respecting relocation. Hence the fact that only a private party could be reasonably expected to bring this action is one additional factor supporting the awarding of attorney fees in this case".

Yes, we intend to move for attorney fees, but let me just close on this one note. Most lawyers in my position would have made settle-

ment conditional upon the payment to him of an attorney fee. I am perfectly willing to do that. I am willing to negotiate it right here and now, if anybody wants me to. I am making it easier, easier on this Board, easier on the Redevelopment Agency. I am willing to take my chances in court. I think that I have a right to insist on the payment of my attorney's fees by the Redevelopment Agency as a condition of this settlement. I am going to waive that right. I am going to take my chances in court. Now if Mr. Kopp or Mr. Molinari or anybody else on this Board feels that I ought to negotiate the settlement, I am perfectly willing to do it, but what I am not willing to do is to waive my right to go to court and to ask the Federal District Court Judge that I be paid my attorney's fee, and I will not waive nor will I approve a settlement agreement that purports to deprive me of that right. I have discussed this with my clients, and my clients are fully aware of the implications of what I just said, and I shall stick to it, and I believe that so shall they.

President Pelosi: Thank you, Mr. Kline.

Supervisor Kopp: Mr. Kline, what was done during that period of time, can you give me the years?

Mr. Kline: I think at least 50%. The law suit was filed in late 1969. Our law firm took the case over in 1971, approximately June, 1971.

Supervisor Kopp: So if the ballpark figure of \$200,000 to \$250,000 is correct, it's your opinion that the reasonable value of your fees is somewhere around a half-million dollars?

Mr. Kline: I am really not in that position to answer that figure right now. I frankly doubt that we will be seeking fees in that large amount.

Supervisor Kopp: I understand you wouldn't seek that because you are not going to seek fees for that portion of the result achieved during the time you were with OEO, but your opinion is that the services have a reasonable value of a half-million dollars?

Mr. Kline: Yes.

Supervisor Kopp: You've made the statement evidently that you won't let the matter of fees stand in the way of a settlement. Just so I am absolutely sure, by that you do not mean that you would waive any right to claim fees, is that right?

Mr. Kline: That is correct, yes.

Supervisor Kopp: By that you do mean that you will defer any motion for fees until after a dismissal with prejudice has been filed with a stipulation on the part of the court to determine the fee issue.

Mr. Kline: Well, there are a number of ways I could do that. I could file my motion tomorrow conditioned upon court approval of the settlement, just to facilitate jurisdictional determination of the

matter, or I could reserve it until after the complaint was dismissed. There are a number of other possibilities that I could use, but in effect you are correct. I will see to it that my motion for fees does not hold up the settlement, and I think that I can accomplish that.

Supervisor Kopp: And the last question is: When you refer to the plaintiffs, you said the plaintiffs, something to the effect that they have incurred fees and costs, there haven't been any out-of-pocket expenses for filing fees, attorney's fees?

Mr. Kline: Oh, there have been considerable out-of-pocket expenses.

Supervisor Kopp: By your clients?

Mr. Kline: By my law firm.

Supervisor Kopp: But not by your clients?

Mr. Kline: My clients are poor people, Mr. Kopp. Unlike you, they cannot afford to pay out-of-pocket expenses.

Supervisor Kopp: I understand that. I understand that, but I don't want any false impression left that they have been paying for this litigation. It's been paid by your law firm with advance costs and with your salaries from Public Advocates.

Mr. Kline: That is correct, and I think I should emphasize that the motion for attorney fees for that reason would not be made in my behalf or in behalf of Sidney Wolinsky, or in behalf of any other attorney. They would instead be made in behalf of our non-profit public interest law firm, Public Advocates, Incorporated.

President Pelosi: I take it that, excuse me, does that conclude Mr. Kline's portions of this afternoon's work? Supervisor Barbagelata, do you have - -?

Supervisor Barbagelata: I do just want to ask just one question.

President Pelosi: Mr. Kline.

Supervisor Barbagelata: I think I heard it answered, but not being an attorney, I would like it simply stated for me. What you are saying is that in no way will your request for fees in any way whatsoever jeopardize the settlement, is that correct?

Mr. Kline: To the extent that I can control it, yes.

Supervisor Barbagelata: Can you put that in writing, will you put that in writing?

Mr. Kline: Certainly, and I can't guarantee that the court would accede to my wishes or to those of the defendants. I am hopeful that he would, I believe that he would.

Supervisor Barbagelata: That's all that I am concerned with, Mr. Kline.

Mr. Kline: Certainly, sure.

Supervisor Barbagelata: That we don't have another law suit on attorney's fees hold this thing up.

Mr. Kline: No, it would be a motion and I would ask the court to reserve a ruling on that motion until after dismissal of the complaint, or in the alternative, I'll make the motion this week and ask the court to reserve a ruling on it pending dismissal of the complaint.

Supervisor Barbagelata: I want to ask one question of the City Attorney through the Chair. Mr. Kenealey, am I asking the proper question to accomplish what I am trying to accomplish?

Mr. Kenealey: Mr. President and members of the Board: I assume you are, Supervisor. You're attempting to ascertain whether or not the settlement will go through regardless of the motion for attorney's fees, and I would say that you have asked the proper questions along that line.

Supervisor Barbagelata: Thank you. Thank you, Mr. Kline.

Mr. Kline: Excues me. I think I should qualify one thing. I am assuming that this Board will treat the matter in the same manner that I will, that this Board, in other words, will do nothing to foreclose the payment of attorney's fees. What we would both then be doing is to put the matter before the Federal Judge. If this Board did something to prejudice my right to recover attorney fees, then I will not feel bound by any representation to the contrary that I may have made today or would make in writing. I am not assuming that you would do that.

Supervisor Barbagelata: For instance, what could we do, Mr. Kline?

Mr. Kline: Well, I am not sure what you could do. You might, for example, decide that the City and County would not reimburse the Redevelopment Agency if that were necessary, or I am not sure what you might do. I think that there are a number of things that you could do that might prejudice my offering my motion for attorney fees.

Supervisor Barbagelata: You are losing me a little bit legally now here. All I am still concerned about is that when this goes through, that in no way the issue of attorney's fees is going to jeopardize this agreement by any action that you might take.

Mr. Kline: Absolutely, that's correct.

Supervisor Barbagelata: Thank you.

Mr. Kline: Excuse me. I wonder if I could just ask a question. I am a bit at sea here. Has there been amendment of this resolution in connection with the 30 years that it would be no less than 30 years?

Supervisor Francois: I was about to offer further amendment that would change that to 35 years, but it would contain the language not to exceed 35 years, and the purpose of that amendment, the "not to exceed" part, is to make it possible for the Board to change the allocation if in the future years it appears unnecessary. The Board commits itself to doing certain things, but there is no one at this point who can say whether we need 35 years of one-twelfth of the existing six percent Hotel Tax in order to accomplish what we hope to accomplish. It may be very well that the Hotel Tax money will be so substantially more that it could be accomplished in a shorter period of time. That is the same language that has appeared in the resolution we were previously considering. But the 35 years might just do it now, so I move that the 30 years be changed to 35 years, and I am so doing at the suggestion of the Redevelopment Agency. In order to make a full commitment, we need that language.

Mr. Kline: Just for a point of information, are you saying not less than 35 years?

Supervisor Francois: Not to exceed 35 years.

Mr. Kline: I see.

Supervisor Mendelsohn: I second the motion by Supervisor Francois to change "not to exceed 30 years" to "not to exceed 35 years".

The roll was called and Supervisor Francois' motion was adopted by the following vote:

Ayes: Supervisors Barbagelata, Chinn, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Feinstein—1.

Supervisor Kopp: Excuse me, Mr. President, I have one more question of Mr. Kline which is brought to mind by the last answers with respect to the City, which isn't a defendant in this suit. Would you be willing to waive your right, if you have any, to claim any of the fee or all of the fee from the City?

Mr. Kline: No, I will not.

Supervisor Francois: Mr. President.

President Pelosi: One moment. Supervisor Gonzales, you were on this point?

Supervisor Gonzales: On this point, I think that we are all laboring under the impression that the City and County is a party to this action. The parties to the action are the Redevelopment Agency and HUD. They are the defendants in this case. I can't see how any decision or any Judge can go and assess attorney fees against a party who is not a defendant. If he assesses fees it will be

against the Redevelopment Agency. They don't have any money to pay attorney fees. Therefore, they are going to have to go back to their co-defendant who is HUD, and I can't envision how we in the City and County can be stuck with any attorney fees. This is a different defendant. I think that we are just really arguing a point that is academic here.

Supervisor Francois: Mr. President, on that same point. I hope that Mr. Kline understands that the City's position would be to resist any order for fees. Mr. Mellon made that clear. I do suppose that if there is any problem, Mr. Kline will go ahead and make his position known, and to the extent that we can, we will resist. We are not parties but the City's position is clear that we don't feel that there should be an award of attorney's fees. In the final analysis the court will decide. It is possible, and I think that we have to face this possibility, it is possible that the City may have to pay part of these fees in the following manner. The defendants are HUD and the Redevelopment Agency. If an order is made it will go presumably against the both defendants and the court will then be asked to make this a legitimate project cost. The cost of the project, we pick up one-third of the project cost, in kind or with credits, at least that has been the case until now.

We had one incident where for the first time it's in the budget where we will be paying cash for one project. That's only because there weren't sufficient credits in the locality where the project is located to pick up those credits through public improvements and so forth. Certainly Yerba Buena Center has enough credit so in a sense we might be placed in a position of picking up one-third of the fees as a part of the project cost. I think what Mr. Kline is saying is he doesn't want us to go on record as saying that under no circumstances will we participate in any manner, and I take it that would prejudice the negotiations as well. I would again urge that we take the same position that he is, that we will consider this as a separate item. He has a legal right to go into court, and a legal right to resist, and HUD has, and the Redevelopment Agency has, and I would urge this Board to adopt this resolution and I would remind this Board that this possibility of paying fees has to be weighed against the projection of a million dollars a month in losses, beginning May, 1973.

Supervisor Kopp: Mr. President and fellow members, I want to re-emphasize what I said last week, and it's been highlighted by Mr. Rumsey's advice to us that he is going to ask his Board to have a joint public hearing with the Board of Supervisors on the amendment to the redevelopment plan. I think, Mr. President and fellow members, that what we may be doing by this resolution is to make that hearing a useless and illegal formality, and I'll tell you why, but what we're doing now is taking a policy position in advance of the hearing which is required before the Board of Supervisors, which hearing has to follow a hearing before the Redevelopment Agency and its Board, and I point out that the facts also included action of the City Planning Commission before it

ever reaches the Board of Supervisors. What we're doing now is holding a hearing. We held a hearing and we took evidence last week. We are holding another hearing this week without taking evidence. In effect, we are adopting what the law requires to be adopted by a public hearing only after a Redevelopment Agency hearing and recommendation, and in our case the City Planning Commission has not acted and that's a requirement of the Health and Safety Code of the State of California .

President Pelosi: Members, the resolution as amended is before the Board. Call the roll. Supervisor von Beroldingen, I am sorry . .

Supervisor von Beroldingen: Mr. President and fellow members, Supervisor Feinstein earlier stated that she wanted to introduce an amendment on Page 3 that would provide for maximum reallocation, and if it is not her intention to renew that motion to amend, I would like to do so.

Supervisor Feinstein: Mr. President, after discussing this with the City Attorney, I am not sure that it still is relevant. The word "maximum" would not do it, Supervisor. It would have to be some language later on that would say "not exceeding." My feeling is that it does make the intent of the Board clear, however, I think we do have guarantees in the existing language.

Supervisor von Beroldingen: Mr. President, to Supervisor Feinstein, where do we have the guarantees?

Supervisor Feinstein: Mr. Kenealey, you pointed out those guarantees to me earlier; perhaps you would point them out again to Supervisor von Beroldingen.

Mr. Kenealey: Mr. President and members of the Board, the last portion of the resolved clause on page 3 thus provides that to the extent the City and County of San Francisco becomes obligated to make lease rental payments to the San Francisco Redevelopment Agency in support of Redevelopment Agency lease revenue bonds or a series of bonds, the obligation of the City and County of San Francisco to make the appropriations and allocations for such payments shall be deemed to be proportionally discharged. That was language incorporated at our request to make sure that the City and County would not be paying twice, that there is only one allocation upon us being made by the Board of Supervisors and as money is obligated and committed through the sale of bonds, that obligation is proportionally decreased.

Supervisor von Beroldingen: Mr. President, through the Chair to Mr. Kenealey, I appreciate that, and I can understand it. I just want to make the position of the Board clear, that this is the extent that we are declaring the policy of the City, that it does not extend to any other payments. Can you suggest language for that, Mr. Kenealey.

Mr. Kenealey: Madame Supervisor, I would assume that the language already specified that this is merely a declaration of

policy by this Board and the final language will be coming back to you as an ordinance to reallocate the funds presently within the Hotel Tax and that no more than the amounts specified in here would be included within that ordinance. I would assume also that there would be somewhat the same language in the ordinance as is in the present resolution, to make it clear to all concerned that the City's obligations only incorporated this amount of money that is presently being mentioned, that is, the one-half cent on the Hotel Tax plus \$100,000.

Supervisor von Beroldingen: And you are satisfied, Mr. Kenealey, that this makes it clear that the Board's intention is to support financially the settlement and only the settlement?

Mr. Kenealey: This is true.

Supervisor von Beroldingen: You're satisfied?

Mr. Kenealey: Correct.

Supervisor von Beroldingen: Thank you.

Thereafter the roll was called and the resolution as amended was adopted by the following vote:

Ayes: Supervisor Barbagelata, Chinn, Feinstein, Francois, Gonzales, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—10.

Noes: Supervisor Kopp—1.

(Consideration of budget to be continued to May 21, 1973.)

Supervisor Mendelsohn presented the following budget statement on behalf of the Finance Committee:

The Finance Committee (my colleagues are Supervisors Terry A. Francois, John L. Molinari, Peter Tamaras and Dorothy von Beroldingen), presents to the Board of Supervisors today the pro-

posed annual budget of the City and County of San Francisco for the fiscal year 1973-74.

Two itemized lists of Finance Committee's recommendations, (1) budget, and (2) supplemental budget, have been furnished Board members. These lists together with Volumes I, II, and III of the budget, and the volume of supplemental budget requests, constitute a comprehensive budget report.

The annual budgets of the San Francisco Unified School District and the San Francisco Community College District are not included with the City and County figures because these budgets have not yet been finally adopted and are not, in any event, subject to action by the Board. All statistics herein have been compiled or adjusted to reflect the absence of those Districts' data.

Comparative data highlighting the budget is as follows:

1972-73 Budget	\$571,373,600
1973-74 Departmental Requests*	710,370,492
1973-74 Mayor's Recommendations Including Clerical Errors	644,193,978
1973-74 Finance Committee Recommendations	635,436,289
1973-74 Finance Committee Cuts of Mayor's Recommendations	8,757,689

*(Exclusive of Charter Section 8.401, Salary Standardization)

The amount of support for the annual budget from ad valorem taxes cannot be precisely determined before September, 1973, when the expected increases in the assessed property values together with surpluses, subventions, grants and various revenue and expenditure adjustments are finalized by the Controller. It is the firm intention of your Finance Committee to recommend to the Board any and all actions which may prudently be taken to maximize the use of existing funding sources other than ad valorem taxes in order to effect a property tax rate reduction from the current \$12.59 per \$100 of assessed valuation.

SPECIFIC ITEMS AND CATEGORIES:

The following data highlights various actions taken by the Finance Committee as a result of its review of the budget:

REVENUE ESTIMATES:

Based on information provided by the operating departments, the Committee believes that the following revenue estimates should be considered in the setting of the tax rate:

	Type of Revenue	Controller's Current Estimate	Committee's Estimate
Page 183, Line 22	Traffic Fines	\$ 4,750,000	\$ 4,877,000
Page 205, Line 5	Peace Officers' Training Revenue	200,000	300,000
Page 322, Line 9	Interest Income	10,500,000	11,000,000

Page 439,	Public Administrator		
Line 2	Fees	300,000	350,000
Page 778,	Tuberculosis Aid		
Line 5	Subsidy	-0-	100,000
Page 778,	Care of Compensation—		
Line 11	San Francisco General		
	Hospital	50,000	75,000
Page 778,	Care of Patients—Acute		
Line 14	Detoxification Unit	-0-	200,000
Page 1,000,			
Line 2	Revenue Sharing	17,000,000	20,500,000
Page 53,			
Line 13	Dog License		
(Supp. Budget)	Enforcement	-0-	90,000
Totals		\$32,800,000	\$37,492,000

In total, the Committee's estimates for these items exceed the Controller's latest estimates by \$4,692,000. In the Committee's opinion, even this expanded figure is extremely conservative. All of this increased amount would directly reduce ad valorem taxes.

PERSONNEL, GENERALLY:

Net new positions requested by departments	2,453
Net increase of positions recommended by Mayor from the current year's budget	592
Net increase of positions recommended by Committee from the current year's budget	496

BUDGET PROCEDURES:

The Finance Committee has requested that the Budget Analyst hold discussions with the Controller and the Administrative Assistant to the Mayor in order to establish a formalized system of budgetary administration and controls. Such discussions should result in recommendations to the Board of Supervisors and to the Mayor. Specifically the recommendations should consider (1) a strict procedure for the allotment of expenditures and (2) the development of timely summary reports containing a comparison of actual expenditures with budgeted expenditures and actual revenues with estimated revenues and containing estimates of surplus throughout the year. A strict allotment schedule could result in a significant reduction in the number and amounts of the various departmental supplemental appropriation requests which are considered throughout the year subsequent to the adoption of the annual budget.

ADULT PROBATION:

Page 18, Various Lines. The Committee has recommended approval of 20 new positions which will reduce the significantly increased average caseload per employee. This caseload has in-

creased partly due to recent legislation imposing new legal requirements on the Department.

CITY ATTORNEY:

Pages 44-45, Various Lines. The Committee has recommended approval of 5 new positions including two Principal Attorneys and one Head Attorney in order to handle the increased amount of litigation in the Federal courts.

CIVIL SERVICE COMMISSION:

Pages 63-64, Various Lines. The Committee has recommended approval of 7 new positions in order to continue the implementation of the required Test Validation Program as well as to assist in improving the quality of the Classification Maintenance Program.

FIRE DEPARTMENT:

Pages 136-141, Various Lines. The Committee has recommended approval of 7 new positions to be financed through revenue sharing funds, including 4 Inspectors for the Bureau of Fire Prevention and Public Safety, 1 Civil Engineer and 2 Captains. While the Committee recognizes the outstanding job being effected by the Fire Department, the fact remains that in the last ten years, 384 persons have died as a result of fire in the City of San Francisco. The Committee believes that the approval of these additional personnel will enable the Fire Department to provide increased fire prevention inspection activities which should substantially reduce the number of existing hazards in various facilities.

SHERIFF:

The Committee, in its desire to assist in the improvement of the overall conditions of the jails, has recommended approval of 21 new positions and recommended a total reduction of only \$72,882 out of the \$5,495,715 budget as approved by the Mayor.

While the Committee has deleted the position of Administrative Chef, it has recommended that funds be added to the Mayor's revenue sharing program for a Food Service Manager. The position of Food Service Manager, with appropriate job qualifications would provide more expertise than the existing classification of Administrative Chef to economically purchase large quantities of food and to plan menus in as efficient a manner as possible.

POLICE DEPARTMENT:

Pages 209-213, Various Lines. The Committee has recommended approval of 39 new positions for the uniformed force and 19 new positions for the civilian force to be financed with revenue sharing funds. Included in the new positions are 29 new Policeman positions and 7 Policewomen positions in order to assist the Department in its constantly increasing workload and to put more uniformed personnel on the street.

PUBLIC POUND:

Page 239, Line 2 and Page 53, Line 13, Supplemental Budget. The Committee has recommended approval of \$300,000 to the Society for the Prevention of Cruelty to Animals which provides the City and County with a pound facility. This appropriation has increased from \$144,000 on an annual basis to \$300,000. Based on the financial statements provided by the Society, the increased appropriation is supported.

In addition, for the first time, the Society will provide citation enforcement, leash law enforcement and house-to-house dog license solicitation. The Committee has recommended approval of \$120,285 for such functions. It is estimated that \$90,000 will be realized in additional revenue to support this expenditure from license enforcement alone. An undetermined amount of revenue will also be realized through the new citation fine program.

REPARTMENT OF SOCIAL SERVICES:

As a result of the passage of HR 1 (Public Law Number 92-603), the administration of the income maintenance portion (cash grant) of the adult programs for the aged, blind and disabled will be assumed by the Federal Government as of January 1, 1974. It is unknown at this time whether such administration will be taken over by the Federal Government, the State Government or whether such administration will be handled by the City and County under contract.

TAX COLLECTOR—GENERAL OFFICE:

Page 496, Various Lines. The Committee has recommended approval of 7 new positions including 4 clerical positions and 3 auditor positions for the purpose of administering a program to collect the gross receipts and payroll taxes on a semiannual basis. The Tax Collector has estimated that the employment of these positions for the semiannual collection of such taxes would result in additional estimated interest income of approximately \$300,000 or over \$200,000 in excess of the salaries, fringe benefits and related expenditures of these seven positions.

PURCHASING—MAIN OFFICE AND GENERAL:

Page 520, Line 10. The Committee has recommended approval of one new position of Senior Purchaser. The responsibility of this position will include the standardization of various equipment and material and supplies purchased by the City and County and it is believed that such standardization will result in significant economies.

*PUBLIC WORKS—BUILDING INSPECTION—
CONSERVATION AREAS:*

Page 96, Supplemental Budget, Various Lines. The Committee has recommended the approval of \$348,166 to operate a city-funded

FACE Program. This program has been one of the most successful of the Federal housing programs and vital for inner city retention of existing middle-income housing. The approval of these funds was necessary since the Federal Government's moratorium on all housing programs jeopardize the continuation of the FACE Program. The recommended funding is on a "bare bones" basis and will last through October 31, 1973 in order to enable completion of the present three areas of the FACE operation in Alamo Square, Duboce Triangle and Bernal Heights and the initiation of operations in the Upper Ashbury and Inner Richmond area. The Committee endorses the commitment of these city funds so that this important program is continued and so that the Committee can explore all means to effect continuation of the FACE Program after October 31, 1973.

PUBLIC WORKS—STREET CLEANING:

Page 658, Various Lines and Page 144, Lines 8-9, Supplemental Budget. Recognizing that 27 Street Cleaner positions were deleted from the budget, the Committee has recommended approval of additional street cleaning equipment amounting to \$418,883. It is the firm belief of the Finance Committee that maximum utilization should be made of this new equipment in order that the streets will be kept as clean as possible on a continuing basis. The Department will issue a report in June relating to the way in which this equipment will be utilized in the most effective manner possible.

RECREATION AND PARK DEPARTMENT:

Page 1120, Line 5. Recognizing the worthwhile need to improve existing play facilities throughout the City, the Committee has recommended the addition of \$45,000 for the capital improvement project "Various Locations, Reconstruct Childrens Areas and Playgrounds", which was disapproved by the Mayor. Thus, the total recommended capital improvement program for park and recreation facilities is \$1,204,000. This program will be financed with revenue sharing funds.

GAS TAX FUNDS:

Due to a claimed lack of adequate gas tax funds to finance necessary projects, the Department of Public Works has proposed to the Finance Committee to reappropriate various gas tax monies representing (1) surplus from completed projects and (2) previously appropriated funds to projects for which construction has not been able to begin and is not planned in the immediate future. Such reappropriations would be used for other public safety, reconstruction and minor improvement projects eligible for gas tax funding. The total amount of such projects is estimated at approximately \$4,000,000 and each of the individual projects proposed will be carefully reviewed by the Finance Committee in a forthcoming supplemental appropriation request by the Department.

AIRPORT:

Page 1317, Line 6. The Committee is appreciative of the action of the Airports Commission in including in the 1973-74 budget the first \$2,000,000 annual payment to the General Fund. Such repayments, as recommended by the Budget Analyst in his Management Audit Report of the Airport, will at least repay the General Fund for its property tax contributions to support the Airport prior to the time that the Airport became self-sustaining.

MUNICIPAL RAILWAY:

The Committee recommended approval of 144 new positions and recommended a total reduction of only \$265,644 out of the \$57,963,055 budget approved by the Mayor. The total increase in this budget over the current year's budget as recommended by the Committee is \$8,770,815. The Committee's recommendations are based on the objective of implementing the Board's policy to bring the Municipal Railway up to full strength in order to provide better service to the citizens of San Francisco.

WATER DEPARTMENT:

Pages 1389-1391, Various Lines. The Committee has recommended deletion of all of the Additions and Betterments and Reconstruction and Replacement projects amounting in total to \$3,603,200. It is the Committee's opinion that bond fund monies might be a more appropriate means of financing such projects in order that surplus of at least \$1,000,00, pursuant to Charter Section 6.407(e), might be transferred to the General Fund. Such a transfer would directly reduce property taxes. The Committee will schedule a public hearing in the immediate future to discuss this matter in more detail.

REVENUE SHARING:

The receipt of revenue sharing monies for the first time has allowed for the funding in the budget of new or expanded projects, including neighborhood, city-wide and operational improvements.

Estimated revenue sharing monies to be received in fiscal year 1972-73 amount to \$27,800,000. In addition, it is estimated that \$20,500,000 of such funds will be received in fiscal year 1973-74. Of this \$48,300,000 in estimated revenue, approximately \$8,000,000 has already been allocated for a variety of immediate funding projects. The 1973-74 budget includes approximately \$35,000,000 for revenue sharing projects and expanded programs in revenue sharing-eligible departments. The balance of unallocated revenue sharing monies amounts to \$5,000,000 which will be used as a Reservation Fund.

The Committee is submitting to the full Board for approval a separate resolution with regard to its revenue sharing program.

**ANNUAL APPROPRIATION ORDINANCE—
ADMINISTRATIVE PROVISIONS:**

The Controller has proposed the following described amend-

ments to the administrative provisions, and the Committee recommends approval:

- (1) A deletion of Section 2.1A and B pertaining to retirement and health service benefits of Port employees. Effective July 1, 1973, all payments to the State Retirement System covering Port employees will be handled by the Controller's Office and therefore the above section is no longer necessary.
- (2) An addition to Section 4.2 wherein the Controller shall make available for expenditure the amount of actual receipts from the following additional special funds:

Police Department—Fingerprint Processing Fund, Administrative Code Section 10.184.

Recreation and Park Department—Recreation and Park Concession Fund, Administrative Code Section 10.178 and San Francisco Golf Fund, Administrative Code Section 10.179.

Sheriff—County Jail Prisoners' Welfare Fund, Administrative Code Section 10.117.8.

Treasurer—Treasurer's Revolving Fund for reissuing certain forged warrants, Administrative Code Section 10.117.10.

War Memorial—War Memorial Maintenance and Capital Improvement Fund, Administrative Code Section 10.117.9.

- (3) A new Section, 11.10.1 would comply with Section 29531 of the Government Code which specifies that "the Board of Supervisors shall continuously appropriate the money in such fund (Local Transportation Fund) for expenditure for the purpose specified in this article." This Section will authorize the Board to appropriate to the Metropolitan Transportation Commission all sales tax monies credited to the Local Transportation Fund.

ANNUAL SALARY ORDINANCE— ADMINISTRATIVE PROVISIONS:

The Civil Service Commission has proposed an amendment to the administrative provisions, and the Committee recommends approval, as follows:

Amending Section 1.34, maximum rate for Part-Time Service, from \$248 per month to \$260 per month.

The Controller has furnished cost data relative to charges levied for accommodations, services and facilities furnished to employees in various departments. Based on this data, the Committee recommends amendment to the administrative provisions as follows:

- (1) Amending Section 1.35 to increase the rate per day for meals at the Hetch Hetchy Project Boarding House from \$4.50 to \$4.70.

- (2) Amending Section 1.35 to increase the rate per person per day at the O'Shaughnessy Guest Cottage from \$26.50 to \$28.75.
- (3) Amending Section 1.35 to increase the rate per meal in other departments and institutions (other than Hetch Hetchy) from \$0.85 to \$0.90.
- (4) Amending Section 1.35 to increase the unit cost for laundry per biweekly period from \$2.85 to \$3.10.

ACKNOWLEDGMENTS:

The Finance Committee commends and thanks Controller Nathan B. Cooper, his budget assistant, David Fong, the Administrative Assistant to the Mayor, George Grubb, and their staffs for their valued assistance and cooperation. Thanks are also extended to the City Planning Department which prepared the graphic illustration of the budget as officially advertised in the newspaper.

BOARD ACTION:

In order that all members of the Board may have an opportunity to consider in complete detail the Committee's recommended changes in relation to the entire budget, the Committee has completed its review of the budget as much before adoption as was possible in view of the numerous meetings required. The Charter provides that the Board shall adopt the budget not earlier than May 15. The Budgetary Procedure Ordinance declares that the budget may not be adopted later than May 21.

On the regular Board meeting of May 21, I will move that the budget, as amended by the Board in accordance with the Committee's recommendations, be adopted.

CONCLUSION:

Supervisors Francois, Molinari, Tamaras, von Beroldingen and I submit the Finance Committee recommendations to the Board with unanimity.

As previously announced, all members of the Board were cordially invited to attend the Finance Committee's Departmental hearings and budget sessions, and to favor the Committee with any suggestions they might have to offer. The Committee welcomed those who found it possible to attend, and the comments of all who submitted them.

The Committee's various recommendations for extra-budgetary action to be taken concurrently with adoption of the budget, are included in the preceding pages. In the absence of contrary directives from the Board, the Committee will proceed further as recommended herein.

Supervisor Francois stated it was his understanding that the plan for Judah Street was to include provision for signalization at Twelfth Avenue, and he moved, seconded by Supervisor von Beroldingen, that the matter be continued one week to ascertain whether the Department of Public Works would place a signal at this intersection.

Upon inquiry by Supervisor Feinstein, the City Engineer stated that there was some urgency to the project, but if the Department of Public Works did not agree to go ahead with the signal, it would not then do any other work. He stated that if the Department did agree to the signal, then the work would proceed.

UNFINISHED BUSINESS

Adopted as Amended

The following from Finance Committee with recommendation "Do Pass After Amendment", heretofore considered, were taken up:

Annual Budget of the City and County of San Francisco for the fiscal year 1973-74.

File 100-73.

Motion to Amend Budget

Supervisor Mendelsohn, seconded by Supervisor Francois, moved that the annual budget, as submitted by the Mayor, be amended in accordance with the recommendations of the Committee as set forth in the three lists (one for budget items, one for supplemental budget items and one for clerical errors correcting the previous two lists) presented to the Board.

Motion to Amend

Temporarily Postponed

Supervisor Francois, seconded by Supervisor Feinstein, moved to amend the proposed Finance Committee amendments to the proposed annual budget, by adding five reclassifications of positions in the Mayor's office, appearing on page 40, lines 4 through 13.

Supervisor Kopp stated that the Civil Service Commission has not yet acted on these reclassifications and suggested that a better course of action would be to defer consideration until Civil Service has submitted a report on these positions as a matter of long established policy.

Supervisor Francois stated that the reclassifications will be shown in the budget with asterisks to indicate that they are sub-

ject to approval by the Civil Service Commission.

Supervisor Feinstein requested that the matter be held to call the General Manager, Personnel, to explain the position of Civil Service.

No objection and request granted.

Statement

Supervisor Kopp presented the following statement and motion to amend:

Mr. President and colleagues, I rise to propose amendments to the 1973-74 Annual Budget, as outlined in the document which has been distributed to each member. I trust everyone has had a chance to review these amendments and to consider this statement which I ask to be included in the Journal of Proceedings.

These amendments call for cutting 79 new positions from the budgets of various City departments and eliminating for this year four proposed capital improvements. These amendments would reduce the property tax requirement by \$1,309,274, which is equivalent to approximately 7½ cents on the property tax rate.

Not so many years ago numbers of this magnitude were quite persuasive with a Board of Supervisors, but inflation has done strange things. It continues to play havoc with our sense of proportion.

For example, how do we rationalize that 10 years ago when the City had 743,000 residents, the City government employed 18,000 people, and today, with less than 700,000 residents, we have a City work force of nearly 25,000 people?

How do we rationalize the fact that the tax base is 50 per cent broader and the tax rate is 34 per cent higher? The proposed City budget is, in fact, 12 per cent higher than last year.

I believe that tens of thousands of hard-working San Franciscans, in whose number I include our City employees, find this extravagant growth of local government as irritating as our inability to provide good public transit and safe streets.

My proposed amendments in no way affect the laudable policy of our Board and the Mayor to improve San Francisco's public transit and street safety functions in the coming fiscal year.

The budget before you contains new jobs which will require funding in future years. My amendments would simply delete many of those jobs, plus eliminate a few capital improvement items which, under the circumstances of our present fiscal crunch, have to be considered luxuries.

The critical problem this year is not whether the tax rate can be reduced to an arbitrary figure of \$12.25. The critical problem is the state law, which places a ceiling on our tax rate of \$12.73.

If the budget is adopted in its present form, containing as it does nearly \$35 million in revenue sharing funds, next year, when we receive less revenue sharing money, we will be forced up against the tax ceiling mandated by state law. In 1973-74 budget, we will have expanded the bureaucracy to the point where we can no longer afford it unless future demands for pay raises are denied or our present employees are preemptorily dismissed.

Aside from the general motivation to exercise fiscal prudence, we ought to look ahead to next year before we build a bureaucracy which collapses in bankruptcy.

There is much talk today of the public's lack of confidence in public officials and of buying political popularity. I think the voter would be impressed by a legislative body which did not try to buy happiness, especially when it is purchased with tax dollars.

I request these amendments be considered as a unit—as a package with the precise and single purpose of restraining the cost of local government by \$1,300,000.

I do so out of a desire to test fiscal principle, rather than the patience of my colleagues. Either there is a majority willingness to achieve these important restraints upon City spending, or there is not.

I do not proclaim that these proposed reductions are the only combination of budget reductions which make sense. I do proclaim that this combination is one which is sensible. It has been worked out with some thought and due consideration for actual needs.

Acceptance by this Board would not reduce any City service below its existing level, nor would it violate Board policy or break faith with our constituents.

The public, in fact, looks to this Board to exercise responsible control of its tax funds. The Mayor and the Finance Committee have already done a pretty good job in this regard. I believe this Board, as a whole, as beneficiary of the good work already accomplished by the Mayor and the Finance Committee, must go the extra, painful mile in the name of good, prudent government.

Supervisors Gonzales, Molinari, Feinstein and Kopp presented:

File 285-73-8, Resolution No.

Referred to Streets and Transportation Committee.

Request Granted

Supervisor Kopp referred to a recent newspaper account which points to the advisability of a current review of Charter provisions pertaining to conflicts of interest on the part of local officials. The article appears to intimate that it is possible for a member of a local board to transact business for profit, directly or indirectly, through an entity in which the Board member has a substantial interest as owner or employee, with a person on whose affairs involving the City and County the Board member has rendered or will render a decision.

Supervisor Kopp requested that the City Attorney be asked for an opinion as to whether the conduct referred to falls within any present proscription of Charter Section 8.105. If it does not, he asks for draft of a Charter amendment which would include such conduct as constituting a violation of the conflict of interest section.

No objection and Clerk directed to comply.

Request Granted

Supervisor Kopp requested that a communication be directed to the School District concerning the 1973 interim report on the District by the Grand Jury. The report concerns the School District's contracts for the transportation of school children. Supervisor Kopp asked to be informed specifically why the July 1, 1971 modification of the contract between the District and Educational and Recreational Services, Inc. (ERS), which provided remuneration to ERS significantly higher than the original contract, was not let out to competitive bid as the original contract had been. He also asked to be advised how the transfer was made of this contract from the original entity known as M & M Charter Lines to ARA Transportation Services, Inc.

Supervisor Kopp also requested that a follow-up letter be sent to the Board of Education asking for a reply to his request for information as to whether it has decided to appeal a decision of the Superior Court which resulted in administrative promotions with consequent raises in pay for 42 employees of the School District.

No objection and Clerk directed to comply.

Supervisor Kopp requested that a communication be directed to the Redevelopment Agency asking for its response to Board Resolution No. 765-72, specifically whether lots K-1 through K-8, Block 7524, in Diamond Heights have been rezoned from S-1 to P. If the Agency has not requested approval for rezoning from the Regional Office of the Department of Housing and Urban Development, Supervisor Kopp asked to be informed when it intends to request such rezoning.

Supervisor Kopp also directed that a letter be addressed to the Central Permit Bureau requesting information on any permit issued or applied for on Lot K-1, Block 7524, in Diamond Heights.

No objection and Clerk directed to comply.

Request Granted

Supervisor Molinari asked that a letter be sent to the Recreation and Park Commission advising that he has received communications from various senior citizens who use the Senior Citizens Center in Aquatic Park pointing out the state of disrepair of the benches. He also requested that the Commission consider the installation of hand rails on the steps at the Center in order to assure the safety of the senior citizens using the facility.

No objection and Clerk directed to comply.

Request Granted

Supervisor von Beroldingen requested that follow-up letters be sent to those department heads who have not answered the request of the Governmental Services Committee for suggestions concerning methods whereby the departments can assist neighborhoods to structure advisory groups to encourage a continuing dialogue on issues that may affect each particular area of the City.

No objection and Clerk directed to comply.

Referred to Committee

(Proposed amendment is as follows: Increase total appropriation from \$1,717,748 to \$1,963,496; increase appropriation for Art Commission, Neighborhood Arts Program, from \$250,000 to \$500,000; reduce appropriations for Fire Department as follows: materials and supplies from \$6,896 to \$5,192, and equipment from \$83,852 to \$81,304.)

The Clerk presented a letter from the Controller advising that the Board is precluded from increasing any budget item or supplemental appropriation item for contractual services by the provisions of Charter Sections 6.205 and 6.306, and suggesting that the proposed amendment not be offered.

Supervisor Mendelsohn suggested that, if the ordinance is finally passed, the appropriation of \$1,000,000, War Memorial, Performing Arts Center, and appropriation of \$250,000, Art Commission, Neighborhood Arts Program and Supporting Services, be held in abeyance with no expenditures to be authorized therefrom until such time as the Board of Supervisors shall record its further and final approval of such disbursements.

Such Board approval would be contingent upon (a) the Art Commission's submittal of an additional supplemental appropria-

tion request in the amount of \$250,000 for use by the Neighborhood Arts Program, supported by a firm program for expenditure of the total amount of \$500,000, approved by the Commission after appropriate consultation with the neighborhood communities involved; and (b) submittal of a comprehensive feasibility study by the Art Commission and the War Memorial Board of Trustees in support of the disbursement of \$1,000,000 for the Performing Arts Center.

There being no objection, on motion by Supervisor Feinstein, seconded by Supervisor Mendelsohn, the item was temporarily postponed for attendance of Mr. George Grubb, Administrative Assistant to the Mayor.

The Board thereupon resumed consideration of items as shown on the Calendar.

Statement

"I think that the campaign finance law which we are about to adopt today is a most constructive and responsive step to control the abuses of campaign contributions and expenditures. My best information leads me to the conclusion that this is a perfectly legal ordinance, notwithstanding any opinion to the contrary. Like all legislation which seeks to break new ground, however, there will be grumblings that may eventuate in litigation testing the legality of the ordinance.

"I want to make this pledge here and now with respect to the 1973 Supervisorial election. If I am a candidate for re-election and if this ordinance which, if adopted without delay by the Board of Supervisors, will become effective at once and in time to control this forthcoming election, is the subject of litigation resulting in a restraining order or injunction during the pendency of such litigation, or permanently, I hereby promise to abide by the provisions of this ordinance and in addition I will use a trust officer to account for my funds, upon the condition that all of my incumbent colleagues who seek re-election or election as the case may be sign a joint statement agreeing to do likewise."

Supervisor Francois requested that a communication be sent to the City Attorney asking him to advise whether there are any conflicts concerning provisions for special elections in the proposed Charter amendment providing for a run-off election for the office of Mayor, and an initiative petition being circulated providing for election of Supervisors by district, and if so, which would prevail if both measures were on the ballot.

Supervisor Francois also requested the City Attorney's opinion as to how the restrictions on campaign expenditures would relate to the office of Mayor in the event that two campaigns would be required.

No objection and Clerk directed to comply.

(Supervisor Gonzales dissenting)

Resolution urging Golden Gate Bridge, Highway and Transportation District to re-evaluate the Ferry System and to delay the building and delivery of at least two new boats and supportive terminal facilities. (Supervisors Gonzales, Molinari, Kopp)

File 285-73-8, Resolution No.

Supervisor Molinari stated that the Bridge District has already signed contracts for some of these boats and there would be the

possibility of a lawsuit if the District did not go forward with its plans.

Supervisor Gonzales stated that the present ferry operation is a commuter and financial disaster, with a \$245,000 deficit in the operation of one boat, which operates far under capacity, and suggested that further study should be undertaken before more boats are put into operation.

Supervisors Kopp and von Beroldingen supported Supervisor Gonzales' position, stating that they favored ferry boats but believed that sound fiscal practices required a further study of statistics regarding expansion of the system.

After further discussion Supervisor Feinstein explained that she withdrew her co-sponsorship of the measure for several reasons, including the fact that Marin County does not want added freeways, the possibility of damages in the amount of \$6 to \$8 million dollars arising from contracts already signed by the Bridge District, and her belief that a ferry system would be workable and in the best interest of the people of San Francisco as well as the commuters.

Thereafter the roll was called and the resolution was refused adoption by the following vote:

Ayes: Supervisors Gonzales, Kopp, von Beroldingen—3.

Noes: Supervisors Barbagelata, Chinn, Feinstein, Francois, Mendelsohn, Molinari, Pelosi, Tamaras—8.

Ordinance ordering vacation of a sewer and public utility easement in Pacific Avenue from Davis Street to The Embarcadero.

File 182-73-2, Ordinance No.

Upon inquiry by Supervisor Tamaras, Mr. Rumsey of the Re-development Agency advised that the Agency did not favor a further delay inasmuch as the proposed vacation is not relevant to the suit now pending.

Privilege of the Floor

There being no objection, upon motion by Supervisor Feinstein, seconded by Supervisor Mendelsohn, the privilege of the floor was granted to Mr. Richard Tower, representing the Golden Gateway development. Supervisor Feinstein then asked Mr. Tower whether the Northeast Sewage Treatment Plant would be able to handle the additional 260,000 gallons of sewage to be generated by the project. Mr. Tower responded that to the best of his knowledge it could not and that other facilities would have to be furnished in a collateral area.

Thereafter Supervisor Kopp's pending motion to continue for four weeks was refused adoption by the following vote:

Ayes: Supervisors Chinn, Feinstein, Francois, Kopp, Molinari—5.

SPECIAL ORDER — 2:00 P.M.

Consideration Continued

Joint Public Hearing by the Board of Supervisors and the Redevelopment Agency on proposed amendments to the Redevelopment Plan for the Yerba Buena Center Approved Redevelopment Project Area D-1.

File 91-73.

Motion carried by the following vote:

Ayes: Supervisors Barbagelata, Chinn, Feinstein, Francois, Gonzales, Kopp, Molinari, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Mendelsohn—1.

The Chair recognized Mr. Walter F. Kaplan, Chairman of the Redevelopment Agency, to jointly chair the public hearing. Mr. Kaplan introduced Mr. Joe Moseley and Mr. Stanley E. Jensen, members of the Redevelopment Agency present.

Supervisor Pelosi explained the order of business which would be followed.

In response to a question by Mr. Robert L. Rumsey, Executive Director of the Redevelopment Agency, Mr. Robert A. Kenealey, Deputy City Attorney, answered that he advised at the last joint public hearing between the Redevelopment Agency and the Board of Supervisors sitting as a Committee of the Whole that it was not proper for them to take a final decision of the redevelopment plan until an environmental impact plan had been completed by the City Planning Commission, which was assumed would be available for this hearing. Unfortunately, there was a delay and the report was heard by the City Planning Commission only last Thursday and not presented to the Board of Supervisors until today. He recommended that this joint public hearing be adjourned to August 27, 1973, for ample time to allow the Board to study the environmental impact report prior to acting on the amendments to the Redevelopment Plan.

Supervisor Gonzales, seconded by Supervisor Chinn, moved that the Committee of the Whole recess to reconvene on August 27, 1973.

No objection and motion carried.

Absent: Supervisor Mendelsohn—1.

In response to a question by Supervisor Kopp as to the Redevelopment Agency's intention if this policy resolution were adopted, Mr. Robert L. Rumsey, Executive Director of the Redevelopment Agency, stated that they would pass on to anybody taking title from the Agency any instructions concerning the interests of the Board in this policy statement.

Mr. Robert A. Kenealey, Deputy City Attorney, added that he could think of no way in which the Board could enforce this resolution.

Motion to Amend

Supervisor Kopp moved to amend the pending legislation by adding a new Further Resolved clause in which the Board urges the Redevelopment Agency specifically to include in its leases and disposition agreements the intent of this resolution.

Supervisor Feinstein, seconded by Supervisor Kopp, moved as a substitute amendment a new Further Resolved clause to follow the second Further Resolved clause, reading as follows: "and, be it Further Resolved, That this Board urges the San Francisco Redevelopment Agency to take appropriate action, both through

Absent: Supervisor Mendelsohn—1.

Supervisor Barbagelata stated that for the Board to establish a 100% residential employment policy would be unreasonable and an impractical imposition upon the Redevelopment Agency and would be tying its hands.

Supervisor Molinari countered that since this was a policy statement the Board was attempting to obtain as many jobs as possible without binding anybody.

Thereupon the roll was called and the motion to amend was adopted by the following vote:

WEDNESDAY, JULY 25, 1973 — 11:45 A.M.

In meeting of the Board of Supervisors, San Francisco, Wednesday, July 25, 1973, 11:45 a.m.

The Board of Supervisors met in recessed session.

CALLING THE ROLL

The roll was called and the following Supervisors were noted present:

Supervisors Barbagelata, Chinn, Feinstein, Francois, Kopp, Molinari, Pelosi—7.

Absent: Supervisors Gonzales, Mendelsohn, Tamaras, von Beroldingen—4.

Quorum present.

President Pelosi presiding.

Communication Requesting Reconsideration

The Clerk presented a communication from his Honor, the Mayor, dated July 25, 1973, requesting that the Board reconsider the following which was refused final passage on July 23, 1973:

Ordinance amending the Salary Standardization Ordinance, Charter Section 8.403, to revise certain salary schedules and working conditions, effective July 1, 1973; an emergency measure.

File 103-73-2, Ordinance No.

Supervisor Pelosi announced that inasmuch as the above measure, containing an emergency clause, requires that the Board register nine votes, he would entertain a motion to recess and reconvene at 3:00 this afternoon.

Supervisor Kopp moved, as a Committee recommendation, that the stationary engineers be deleted from Charter Section 8.403.

Supervisor Francois stated that the proper motion would be to amend the pending ordinance to include the stationary engineers; that there was nothing in the ordinance that could be deleted.

At the request of the President the Clerk explained, as a background, that the Civil Service Commission, when it referred their recommendation to this Board on July 9, 1973, recommended that the stationary engineers be deleted from Charter Section 8.403, which would leave them in Charter Section 8.401. In making that recommendation to move from Section 8.403, the Civil Service Commission submitted an ordinance which repealed the inclusion under Charter Section 8.403 of the Salary Standardization Ordinance relating to stationary engineers. However, the Legislative and Personnel Committee asked the Civil Service Commission staff to redraft the ordinance, omitting all reference to stationary engineers, which thereby had the effect of continuing them under

Charter Section 8.403. In order to remove the stationary engineers from Charter Section 8.403, it would be necessary to amend the ordinance now pending before the Board to the effect that Sections 8.33, 8.33.1, 8.33.2, 8.33.4 and 8.33.5 of the original Salary Standardization Ordinance pursuant to Charter Section 8.403 be repealed. Then, having voted that, the stationary engineers would be removed from Section 8.403 of the Charter and be automatically included under the salary schedules of Charter Section 8.401.

Supervisor Francois, seconded by Supervisor Molinari, moved that the Board recess and reconvene at 3:00 p.m. today.

No objection and motion carried.

Recess

The Board, at the hour of 12:15 p.m., recessed.

Reconvention

The Board, at the hour of 3:00 p.m., reconvened.

President Pelosi presiding.

Supervisor Francois stated that it was his intention to request a call of the Board to compel the attendance of absentees in order to obtain the required 9 Supervisors to vote.

Supervisor Pelosi announced that Supervisor von Beroldingen was out of town on business and that Supervisor Gonzales was home ill but had agreed to attend, upon the call of the President, if his vote was required and the Board was ready to cast its vote.

Supervisor Kopp, seconded by Supervisor Molinari, moved to rescind the previous action whereby the pending ordinance was refused final passage.

Motion to Amend

Supervisor Kopp moved that, in accordance with the recommendation of the Civil Service Commission on July 9, 1973, Ordinance No. 191-73, the ordinance which is the subject matter before the Board, be amended by deleting reference to stationary engineers.

The President ruled the motion out of order.

Supervisor Kopp inquired into the basis for the President's ruling.

At the request of the President, the Clerk explained that the classification of stationary engineers does not appear in the ordinance before the Board, and therefore the motion is out of order.

Motion to Amend

Supervisor Kopp, seconded by Supervisor Barbagelata, moved to delete the stationary engineers and related classes.

Call of the Board

President Pelosi directed that the Sargeant at Arms summon Supervisor Gonzales to the Chambers of the Board.

Motion to Amend

After discussion with City Attorney Thomas M. O'Connor, Supervisor Feinstein, seconded by Supervisor Francois, moved as an amendment of the amendment that the emergency clause be deleted from the pending legislation.

Parliamentary Ruling

Supervisor Pelosi announced that for the remainder of his tenure as President Rule 19 of the Rules of the Board would be in effect whereby the Supervisors would be limited to 10 minutes speaking time except by permission of a majority of the members present for an extension of that time.

Supervisors Feinstein and Barbagelata questioned Mr. Bernard A. Orsi, General Manager, Personnel, Civil Service Commission,

as to the method used to determine the rate of pay for stationary engineers.

Motion to Amend — Defeated

Supervisors Feinstein and Tamaras presented:

File 18-73.

Referred to Fire, Safety and Police Committee.

Called Out of Committee

Supervisor Kopp called out of Committee, File 148-73, amending City Planning Code to permit foster homes and family homes as a principal use in R-1-D zoning districts and to modify reference to homes for aged as a principal use in R-2 zoning districts, for placement on Board Calendar August 13, 1973.

(Subsequent investigation revealed that the measure was tabled by the Board in the Board meeting held March 5, 1973.)

No action taken.

Request Granted

Supervisor Kopp requested that a communication be directed to the Recreation and Park Commission asking it to consider seriously and expeditiously the requests of the Bicycle Coalition to extend auto-free hours on Kennedy Drive, to include Saturdays and holidays as auto-free days in portions of Golden Gate Park, and to expand auto-free portions of Golden Gate Park to include adjacent roads now open to auto traffic.

No objection and Clerk directed to comply.

Supervisor Kopp pointed out that citizens testifying before a committee of the Board in Room 228 are facing the committee

and cannot always be heard by the audience. He asked that the Clerk investigate alternative possibilities of setting up the room so that testimony might be given from another location or installing a microphone. He asked that the Clerk consider and give a report on the possibility of moving the lectern to the southwest corner of the room so that testimony could be addressed to all present.

No objection and Clerk directed to comply.

Supervisor Molinari requested that a communication be directed to the President of the Commission on Aging, requesting that the Commission prepare a report on the activities and progress of the Commission, to be received in time for the September meeting of the Social Services Committee. He also asked that quarterly reports be submitted to the Board by the Commission.

No objection and Clerk directed to comply.

Supervisor Molinari referred to a press report that no plans have been formulated for San Francisco's participation in the Bicentennial Celebration of the founding of the Nation and San Francisco, to be held in 1976. He pointed out that in December, 1969, and in April, 1970, the Board called upon the Mayor to appoint a committee to make such plans.

Supervisor Molinari requested that a communication be directed to the Mayor asking him to advise if he intends to appoint this committee, and, if not, what plans have been put forth for the celebration.

No objection and Clerk directed to comply.

Supervisor Molinari requested that a communication be directed to the Chief of Police, transmitting copy of a newspaper account of a system used in Philadelphia whereby policemen scheduled to appear in court are not kept waiting in court, but are kept on duty until time for them to appear. The Supervisor pointed out that considerable savings could be effected by use of this plan, and asked for comments from the Chief of Police.

No objection and Clerk directed to comply.

Referred to Committee

Request that hearings be held to consider the problem of hunger among the aged people of San Francisco with a view to determining what action this Board can take to increase the number of programs which provide food for the elderly and make them available to more of San Francisco's elderly citizens.

No objection and Clerk directed to comply.

Supervisor von Beroldingen reported that no response has been received from the Department of Public works with reference to the question of maintenance of trees planted with the use of Federal funds. She understands that there are on file the signed agreements of those property owners who permitted trees to be planted on their property, and that the property owners are responsible

for maintenance of the trees. If the trees are not being maintained, the public should know where the responsibility lies. She requested a follow-up letter to the Department of Public Works requesting its comments.

Finally Passed

The following recommendation of Legislative and Personnel Committee, heretofore considered, and temporarily postponed, was taken up:

Ordinance fixing schedules of compensation pursuant to provisions of Charter Section 8.404, for platform employees and coach and bus operators of the Municipal Railway and related trainee classes, by establishing dollar value differences between vacation, retirement and health service benefits to be paid into the Transport Workers Union San Francisco Municipal Railway Trust Fund, and by establishing conditions and benefits of employment other than wages; effective July 1, 1973.

File 104-73-1, Ordinance No. 329-73.

Supervisor Barbagelata addressed the following statements to Deputy City Attorney James Stark and requested that Mr. Stark indicate to the Board whether each statement was true or false. In each case Mr. Stark stated that the statement was true.

1) Charter Section 8.404 (Prop. G) provides that the Civil Service Commission shall annually conduct a nationwide

survey of the wages (rates of pay) paid platform employees and bus and trolley operators as of July 1 of each year in the cities surveyed, and certifies to the Board the average of the two highest wage schedules in effect as of July 1. The Board will fix a wage schedule at some schedule not in excess of an average of the two highest rates. Also, the Board *may* fix fringe benefits *not to exceed* those found in collective bargaining agreements from which the average of the two higher wage schedules are taken.

2) With respect to wages (rates of pay) the Board is not required to increase wages to an average of the two highest wage schedules. As a matter of fact, the Board may keep them the same or even lower them if it chooses to do so.

3) With respect to fringe benefits, notwithstanding any other provisions of the Charter, Charter Section 8.404 (Prop. G) does not provide that the Board *must* fix fringe benefits not to exceed those found in collective bargaining agreements from which the average of the two highest wage schedules are taken. As a matter of fact, Prop. G (Charter Sect. 8.404) does not require the Board of Supervisors to fix any fringe benefits whatsoever.

4) A portion of the ballot argument in Prop. G submitted to the voters by the Board of Supervisors stated the following: "Bus and trolley operators and other platform personnel of the Muni Railway have fallen behind most other City employees in their fringe benefits." Another sentence states, "Prop. G permits these operators to *catch-up with other employees in their fringe benefits.*"

At this point the Chair announced that in accordance with the Board's Rules of Order, Rule 19 limiting speaking, Supervisor Barbagelata's time was up. Supervisor Kopp, seconded by Supervisor Molinari, moved to grant Supervisor Barbagelata an extension of ten minutes.

Adopted by the following vote:

Ayes: Supervisors Barbagelata, Chinn, Feinstein, Francois, Kopp, Molinari, Pelosi, Tamaras, von Beroldingen—9.

Noes: Supervisors Gonzales, Mendelsohn—2.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

Friday, August 24, 1973 — 12:00 Noon

In meeting of the Board of Supervisors, San Francisco, Friday, August 24, 1973.

The Board of Supervisors met in special session.

CALLING THE ROLL

The roll was called and the following Supervisors were noted present:

Supervisor Barbagelata, Chinn, Feinstein, Francois, Gonzales, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Kopp—1.

Quorum present.

President Pelosi presiding.

Supervisor Kopp excused from attendance. (On leave of absence).

COMMUNICATION

The Clerk read the following communication from his Honor, the Mayor, dated August 24, 1973:

"In accordance with Charter section 2.302, and in response to the request by the President of the Board, Mr. Pelosi, and the Chairman of the Finance Committee, Mr. Mendelsohn, I am returning for your reconsideration proposed ordinance, File No. 101-73-34.

"I do not believe this letter is a necessary pre-requisite to your power to reconsider your ordinance. But since some question has been raised about it, I am simply endorsing your request."

UNFINISHED BUSINESS

Finally Passed

The following recommendation of Finance Committee was taken up:

Ordinance amending the Annual Appropriation Ordinance to reflect revenue and expenditure appropriation adjustments

necessary to meet requirements for fiscal year 1973-74, for wages and fringe benefits of Municipal Railway platform employees under provisions of Charter Section 8.404.

File 101-73-34, Ordinance No. 339-73.

Supervisor Mendelsohn, seconded by Supervisor Feinstein, moved suspension of the rules for the immediate consideration of the measure.

Adopted by the following vote:

Ayes: Supervisors Chinn, Feinstein, Francois, Gonzales, Mendelsohn, Pelosi, Tamaras, von Beroldingen—8.

Noes: Supervisors Barbagelata, Molinari—2.

Absent: Supervisor Kopp—1.

Statement

Supervisor Molinari read the following statement:

This afternoon we have come together for the purpose of casting the final vote on the matter of salary increases and fringe benefits for Municipal Railway platform workers. The situation seems to be anticlimatic, as everyone has announced the way in which he or she will cast this very important vote.

A variety of stories have carried accounts of our actions and deliberations on this matter, and the public has begun to respond. The average citizen has expressed total confusion as to what on earth is going on down here. I believe that the public has been very patient with this Board of Supervisors in spite of the confusing array of contradictory votes stating that we believe in and support just about everything. But I think that history will prove that this vote today was the last straw.

Public transportation is a subject very close to the hearts of the people of San Francisco. They, unlike most of us on this Board, are the ones who have to put up with the unreliable, insulting service which was supposed to be for their benefit. Like many of the so called "services" provided by the government, the service has degenerated so that the employees, not the customers benefit. In a time when fuel is costly, streets crowded, pollution growing steadily worse and life in general becoming more complicated, this Board of Supervisors stated to the public that public transportation, . . . inexpensive, clean, quiet, courteous and dependable, would be the number one goal over the next few years. The public cheered, and we all looked great.

Now, when we have a chance to show our true colors, and prove that we meant what we said, the first test shall end in miserable failure. We said that service would be dependable, and we are thinking of passing today a fringe benefit which will encourage drivers to stay home. We allocated additional money for expanding equipment facilities and personnel whose assignments would

improve service to the people, and we are thinking of passing legislation which will take funds from these important items and transfer them to inhouse services such as additional inspectors to control absenteeism, and additional drivers to fill in for those who choose to stay home. We promised to hold the line on taxes, and today we are thinking of passing legislation which amounts to 16¢ on the tax rate.

To the public this means simply; we do not live up to our promises, and we are irresponsible. The most serious of all implications of our actions today is that we took an oath of office which stated that we would obey the Charter, and operate the City according to the will of the people. The people have told us that special caution in appropriating monies for defecit utilities shall be taken, this is reflected in the fact that they have mandated that 2/3 of the members of this Board shall concur before public monies can be spent. This implies compromise, and there has been no compromise by this Board of Supervisors. I have publicly offered to sit down and discuss various possibilites with supporters of this ordinance. No one seems willing to talk. The majority has taken its stand and will not compromise. This to me is a violation of public law, and public trust.

The people of San Francisco shall remember this day every time they stand in the cold waiting for a bus. They will remember that they could have had better equipment. They will remember that they could have had better schedule information. They will remember that they were promised all kinds of improvements in their transit system, but the promises were empty. Challangers for this Board of Supervisors have already begun to speak out deploring MUNI service and the reasons for the debacle. The public is going to listen because they are going to agree.

I urge all of you to reconsider, and prove to the people of San Francisco that you were sincere about your MUNI first vote, and that you will back it up with positive action by spending the limited monies we have for the benefit of the many, rather than the few.

Statement

Supervisor Tamaras then read his statement as follows:

Last Monday I took a position in regard to the Muni pay raises and fringe benefits which I felt was fair to the Muni operators, to the tax-paying public, and to the entire community by voting against the excessive fringe benefits of the package. I feel we've made our point, even though we lost.

Now that the Mayor has signed the salary standardization ordinance which fixes their right to wages and benefits, it would be just an idle gesture on our part to continue to vote against the appropriation of funds, since it is apparent from what the Charter clearly mandates and the City Attorney has stated, both verbally

and in writing, that the Board of Supervisors has no choice but to vote for the funds or be confronted with additional needless expense in appearing in a court action with the Muni operators in which the Muni operators would prevail and the Board would be required to put up the money.

Section 8.404 of the Charter says that the Board of Supervisors shall have the power and it shall be its duty to amend the annual appropriation ordinance and the annual salary ordinance as necessary to include the provisions for paying the rates of compensation and conditions and benefits other than wages fixed by the Board of Supervisors.

It is our clear duty as Supervisors to obey the mandate of the people who speak through our City Charter. There is no discretion here. The Charter is not an ordinance of the Board of Supervisors. We would violate our oath of office if we ignore the mandate, and if a lawsuit is filed, which would involve unnecessary expense and which could last for several weeks, the danger is that we would be faced with a transit strike which would spread, which would cripple the City and wreak havoc on the economy far beyond the cost of this pay package. Then how do we, as responsible Supervisors, respond to the demands of the riding public who must use transit to go to work or to carry on their normal affairs, in view of the clear provisions of the Charter?

Our Attorney says the courts would order us to pay this money because the rights to it have already been vested by the 7 Supervisors who last Monday voted to enact this wage package.

Under these circumstances, I feel I am doing my sworn duty as the Charter mandates and as our City Attorney has clearly defined, by voting for the appropriation today, and I earnestly hope that the transit services afforded the people of San Francisco will be substantially improved in line with the very substantial improvements and working conditions for the Muni operators.

Motion Adopted

Supervisor Barbagelata requested that the Clerk read a statement prepared by Supervisor Kopp who is not in attendance, explaining his views. The Chair directed the Clerk to read Supervisor Kopp's statement.

Supervisor Gonzales objected and appealed from the decision of the Chair, stating that Supervisor Kopp should have considered the matter important enough to appear and present his statement himself.

Supervisor Barbagelata then made his request in the form of a motion, which was seconded by Supervisor Molinari.

Motion that the Clerk read Supervisor Kopp's statement adopted by the following vote:

Ayes: Supervisors Barbagelata, Chinn, Molinari, Pelosi, Ta-

maras, von Beroldingen—6.

Noes: Supervisors Feinstein, Francois, Gonzales, Mendelsohn—4.

Absent: Supervisor Kopp—1.

Statement

The Clerk commenced reading Supervisor Kopp's statement:

My position of voting no on the ordinance to amend the Annual Appropriation Ordinance to implement the wage schedule for Municipal Railway employees has not changed. If I were present today, I would vote no again on this appropriation, exactly as I did on August 20th, and I would continue to do so until and unless the Salary Standardization ordinance were amended to delete the appropriation for exorbitant fringe benefits for Municipal Railway operators.

I have found nothing in the facts or the law that would compel me to change my mind, and I cannot agree with the opinion of the City Attorney that our Board is "under a mandatory duty" to pass this ordinance.

In my opinion, such a stricture makes a farce of the very salutary Section 6.205 of the Charter. When the framers of the Charter wrote Section 6.205, they were fully aware of the dangers of entering into deficit financing, and that is why they decided that a two-thirds majority of the Board should have to approve such a step. They wanted the independent judgment of eight Supervisors to be required before the Board poured good money after bad in a deficit operation. There is no better example of the framers' foresight than that of the Municipal Railway, which, in 1932, when the Charter was adopted, had no deficit, and in 1973 has a deficit of \$33 million.

In that connection, I note that Section 6.205 also specifically states that the eight-vote requirement for appropriations for a deficit utility takes precedence over any other Charter provision to the contrary.

Call of the Board

During the Clerk's reading of Supervisor Kopp's statement, Supervisor Molinari asked for a call of the Board, noting that some members were not in their seats, and the Sergeant-at-Arms was instructed to call the missing members. When the Sergeant-at-Arms was unable to locate the missing members, the Chair announced that no further business could be conducted on this issue unless the call were dispensed with.

Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved to dispense with the call of the Board.

Adopted by the following vote:

Ayes: Supervisors Chinn, Feinstein, Mendelsohn, Pelosi, Tamaras, von Beroldingen—6.

Noes: Supervisors Barbagelata, Molinari—2.

Absent: Supervisors Francois, Gonzales, Kopp—3.

Thereafter the Clerk continued reading the statement by Supervisor Kopp:

There is no question that we recognize and appreciate the valuable services performed by Muni operators. That is why we pay them as high a salary as that of any transit system in the country. But we, as elected representatives charged with the financial responsibility of the City and County of San Francisco, do an injustice to the taxpayers who must foot the bill and to Muni Railway riders when we voluntarily give away benefits costing millions of dollars without any compulsion of law to do so.

Under the burden of our fiscal responsibility, how can the City Attorney advise us that we have no choice in appropriating money for exorbitant fringe benefits that we cannot afford? What does the Charter section requiring eight votes to approve deficit financing mean when, according to the City Attorney, it must be approved regardless of any doubts we may have of its consequences? Is not then the City Attorney instructing this Board how it must cast its votes?

I say no to his supposed mandate, and I say that I will maintain my independent judgment that the wage package for Muni operators approved by seven members of this Board is fiscally irresponsible and beyond all reasonable justification.

It is not my vote that is crucial today. It is rather the vote of any one of the four Supervisors whose position heretofore has been unequivocally in opposition to this measure. Any change in such position is, in my opinion, made because of the usual pressures from a self-interested group and is made in apparent oblivion of the public's desire that we allocate any additional public revenues to make concrete and practical improvements in San Francisco's transit system. Approving this spending ordinance can only result in further deterioration of the transit system and in demoralization of the citizens we are elected to represent.

After general discussion, the roll was called and the ordinance was finally passed by the following vote:

Ayes: Supervisors Chinn, Feinstein, Francois, Gonzales, Mendelsohn, Pelosi, Tamaras, von Beroldingen—8.

Noes: Supervisors Barbagelata, Molinari—2.

Absent: Supervisor Kopp—1.

ADJOURNMENT

There being no further business, the Board at the hour of 1:15 p.m., adjourned.

File 135-73.

(Amends Section 3.691)

Statements

Supervisor Kopp stated that in view of testimony from the City Attorney that the airlines by agreement with the Airports Commission are obligated to pay such fees as will produce at least \$2,000,000 per year over the next 12 years for payment of \$24,000,000 to the General Fund, and that the proposed Charter amendment would affect the salability of airport revenue bonds, making it more difficult and more expensive, his committee recommended against submission of the proposed amendment. He stated also that circumstances do not justify locking into the Charter a provision which would not become effective for another 12 years when other conditions and circumstances would prevail.

Supervisor Feinstein was concerned that the Airports Commission by resolution has agreed to repay the General Fund and by resolution could change that intent. The proposed Charter amendment would insure that \$24,000,000 would be repaid. Supervisor Feinstein also announced that she will prepare a Charter amendment which will overhaul the break-even policy for all utilities.

Supervisor von Beroldingen stated she was withdrawing her co-sponsorship of the measure at this time, because of the practicalities of the situation. She stated her concern with the fact that more and more competition is being experienced from other airports such as Oakland and San Jose, and that she wished to keep the competitive position of San Francisco's airport.

Thereafter the roll was called and the measure was refused submission by the following vote:

Aye: Supervisor Feinstein—1.

Noes: Supervisors Barbagelata, Chinn, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—10.

There being no objection, on motion by Supervisor Kopp, seconded by Supervisor Barbagelata, the matter was temporarily postponed for consideration of the ensuing item.

Ordered Submitted as Amended

Charter amendment relating to Civil Service procedures involving Commission meetings, disciplinary procedures, transfers, leaves, qualifications of applicants, protests of test items and eligible lists. (Supervisors Kopp, Molinari)

File 375-73.

Motion to Withdraw

Refused Adoption

Supervisor Kopp, seconded by Supervisor Molinari, moved that the Board grant leave for withdrawal of the proposed Charter amendment.

Supervisor Francois objected, pointing out that the original draft of the measure came from the Civil Service Commission amending only seven sections which would alleviate its immediate serious problems, but that the measure as presented amends other sections not recommended by the Commission.

After testimony by Mr. James Wurm, representing Civil Service, the roll was called and motion requesting leave to withdraw the proposed Charter amendment was refused adoption by the following vote:

Ayes: Supervisors Barbagelata, Chinn, Kopp, Molinari—4.

Noes: Supervisors Feinstein, Francois, Gonzales, Mendelsohn, Pelosi, Tamaras, von Beroldingen—7.

Supervisor Kopp, seconded by Supervisor Barbagelata, then moved that the proposed Charter amendment be submitted to the voters.

Supervisor Francois, seconded by Supervisor Tamaras, moved as an amendment that all sections of the proposal be deleted except Sections 8.100, 8.320, 322, 323, 330, 332 and 340, which were approved by the Civil Service Commission.

Supervisor Kopp urged that the entire proposal be submitted to avoid having Civil Service amendments to the Charter on the ballot every year. After further remarks by Supervisor Kopp, the Chair announced that his time limit for speaking had been used.

Supervisor Kopp, seconded by Supervisor Barbagelata, requested permission to speak for four more minutes.

Request denied by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Kopp, Molinari—4.

Noes: Supervisors Chinn, Francois, Gonzales, Mendelsohn, Pelosi, Tamaras, von Beroldingen—7.

Thereafter the roll was called and motion to include only the seven sections approved by the Civil Service Commission was adopted by the following vote:

Ayes: Supervisors Chinn, Feinstein, Francois, Gonzales, Mendelsohn, Pelosi, Tamaras, von Beroldingen—8.

Noes: Supervisors Barbagelata, Kopp, Molinari—3.

Explanation of Vote

Supervisor Kopp stated that he would vote "No" on the measure as amended because of the unnecessary cost, unnecessary confusion and unnecessary burdens on the voters occasioned by this sort of sporadic approach to Civil Service provisions of the Charter.

Thereafter the roll was called and the proposed Charter amendment as amended was ordered submitted by the following vote:

Ayes: Supervisors Chinn, Feinstein, Francois, Gonzales, Mendelsohn, Pelosi, Tamaras, von Beroldingen—8.

Noes: Supervisors Barbagelata, Kopp, Molinari—3.

Supervisor Francois announced that he was calling out of Legislative and Personnel Committee, File 188-70, proposed Employer-Employee Relations Ordinance, for hearing Monday, October 1, 1973.

Referred to Committee**Resolution urging the Retirement System Board to withdraw investments from corporations involved in South Africa.**

Supervisors Kopp, Feinstein and Francois presented:

File 541-73, Resolution No.

Referred to Governmental Services Committee.

Request Granted

Supervisor Kopp requested that a communication be directed to the Recreation and Park Commission regarding the operation of Candlestick Park Stadium. The Supervisor was concerned that even with the services of a promotional director, only one non-athletic event has been scheduled, and it failed to produce a profit. Supervisor Kopp requested to be advised whether a particular person is in charge of the Stadium in respect to all activities, including promotion, and whether the Commission has studied uses for Candlestick Park for other than athletic events.

No objection and Clerk directed to comply.

Supervisor Mendelsohn requested that an inquiry be directed to the Chief Administrative Officer regarding award of contracts which are discretionary, that is where no competitive bidding is required. He stated that the 1972 Grand Jury was concerned that the basis for award of these contracts was largely individual judgment, and that no standard procedure was followed.

Supervisor Mendelsohn asked that the Chief Administrative Officer submit a report advising what changes have taken place since the Grand Jury report, and whether in his opinion any legislative action is indicated to implement a standardized procedure for award of discretionary contracts.

No objection and Clerk directed to comply.

Supervisor Molinari asked that an excerpt from the Animal Control Ordinance, prepared by the SPCA, be forwarded to the Chief Administrative Officer for possible use in a mailing to animal owners advising them of the new regulations.

No objection and Clerk directed to comply.

Adopted**Resolution urging the Department of the Interior to conduct hearings in San Francisco on the effect of the proposed widening of Doyle Drive on the Golden Gate National Recreation Area.**

Supervisors Molinari, Feinstein, Kopp and Pelosi presented:

File 285-73-11, Resolution No. 655-73.

Supervisor Molinari, seconded by Supervisor Kopp, moved immediate adoption.

Adopted by the following vote:

Ayes: Supervisors Barbagelata, Chinn, Feinstein, Francois, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Gonzales—1.

Referred to Committee

Request that hearings be held on petition by St. Francis Homes Association for installation of stop signs at designated intersections in St. Francis Wood.

Supervisor Tamaras presented:

File 18-73.

Referred to Fire, Safety and Police Committee.

Request that hearings be held to evaluate the effects on San Francisco of the failure of AB 18, relating to aid to aged, blind and disabled, to pass in the California Legislature.

Supervisor von Beroldingen presented:

File 544-73.

Referred to Joint Finance and Social Services Committee.

Request Granted

Supervisor von Beroldingen requested that a communication be directed to the Redevelopment Agency asking for a full report on its expected dates for demolition and construction of a shopping center in the Western Addition which has been proposed for over a year. The abandoned buildings in the area are being used by unauthorized persons, causing police problems, and neighborhood merchants are losing business.

Supervisor von Beroldingen also asked that the Redevelopment Agency, in responding, advise their method of including community involvement in the preparation of plans for development of the shopping center, and suggested that the Agency consider inclusion of the Fillmore Merchants group.

No objection and Clerk directed to comply.

Supervisor von Beroldingen requested that a communication be directed to the Mayor and the Chief Administrative Officer renewing an offer to hold management communications seminars for City department heads, urging a response as to whether this is of interest to department heads to establish an on-going dialogue with the public.

No objection and Clerk directed to comply.

Amended. Refused Adoption

The following from Fire, Safety and Police Committee, heretofore considered and temporarily postponed, was taken up:

The Recreation and Park Department indicated that it would be willing to authorize use of the Panhandle in Golden Gate Park, but would not authorize the use of amplified music.

Taken Up Out of Order

Adopted

There being no objection, on motion by Supervisor Pelosi, seconded by Supervisor Mendelsohn, the following from Joint Finance and Health and Environment Committee without recommendation were taken up out of order:

Resolution adopting Environmental Impact Report on designating certain Recreation and Park Department real property for Academy of Sciences Addition, Fish Roundabout, Hall of Anthropology Addition, Entrance Gallery and public access off Middle Drive, Golden Gate Park.

File 237-73-1, Resolution No. 771-73.

Supervisor Molinari, seconded by Supervisor von Beroldingen, for purpose of discussion, moved adoption.

Mr. Walter S. Newman, President of the City Planning Commission, stated that the Report had been unanimously adopted by the City Planning Commission.

Supervisor Mendelsohn then stated that the Art Commission and the Recreation and Park Commission had endorsed the Report and inquired of Deputy City Attorney Robert Kenealey whether the Report was in conformity with State law. Mr. Kenealey answered in the affirmative.

Privilege of the Floor

There being no objection, on motion by Supervisor Mendelsohn, seconded by Supervisor Gonzales, the privilege of the floor was granted to Dr. Elizabeth McClintock, Curator of Botany for the Academy of Sciences who identified the trees in the area which would be removed and stated that their removal would have no significant effect on vegetation at that location.

After discussion by various Supervisors, Supervisor Kopp announced that he wished the Journal to reflect his views on the subject.

Statement

Supervisor Kopp then read the following statement:

"As a member of the California Academy of Sciences, I know and appreciate the value of the many fine programs it offers to San Franciscans. And from the volume of letters I have received, I know how strongly many people feel about the proposed expansion. It would be very easy for me to vote approval of the environmental impact report before us today.

"But in good conscience I cannot. It has been stated very freely and often that this expansion is not going to take away open space from the Park. It's true that the expansion will not occupy much open space, but nonetheless it will take some, and it represents just one more encroachment on the Park where, in my opinion, there should be none. The new entrance gallery on Middle Drive is also going to change traffic patterns, and in the absence of a traffic study, we are not sure what effect this will have on the Park.

"One purpose of an environmental impact report is to present alternatives to a proposed project, and yet this EIR states that there are no known alternatives. I question this and in fact would like to offer two alternatives that I believe would meet the needs of the Academy and at the same time satisfy my objections.

"I submit that a possible alternative is to build the fish roundabout where a whale skeleton is now located and to place the whale skeleton in the Academy's inner courtyard. This would be a much more logical extension of the Academy's present structure rather than adding the fish roundabout on the side of the building as an awkward appenage. It would also mean that no trees would have to be cut down or removed for this new structure. Dr. Lindsay has stated in a note to me that he would be willing to consider this possibility.

"Secondly, I submit that the proposed entrance gallery is not necessary either to the Hall of Man or the Fish Roundabout, and it would be left off entirely. This would mean less trees would have to be removed and would not result in any change in traffic patterns on Middle Drive.

"I realize the time deadline that the Academy is facing on this project—that the Internal Revenue Service requires the money that has been raised to be spent by the end of 1973 or the donors will lose their tax exemptions and will reconsider their gifts.

"I do not want the Academy to lose this money any more than does Dr. Lindsay, and if he and the Academy trustees are willing to consider the alternatives I have offered, I will do all I can to see that the project is approved before the end of this year."

Supervisor Molinari stated for the record that he was in agreement with Supervisor Kopp's remarks and that it was his opinion that there are alternatives and room for compromise.

After further discussion, the roll was called and the resolution was adopted by the following vote:

ROLL CALL FOR INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE

Communication

Supervisor von Beroldingen read a communication from Mr. Walter Mails expressing appreciation for receipt of the Board's award of a certificate of honor.

Request Granted

Supervisor von Beroldingen stated that she has received complaints regarding enforcement of the Animal Control Ordinance to the effect that the S.P.C.A. contends that the Police Department should cite violators and the Police Department is of the opinion that the S.P.C.A. should do so.

Supervisor von Beroldingen requested that a communication be sent to the S.P.C.A. asking that it undertake its contract obligations in this regard, and that a letter be sent to the Police Department advising that although the City has a contract with the S.P.C.A. to perform patrol duties, it does not relieve the Police of the obligation to enforce all ordinances of the City and County.

No objection and Clerk directed to comply.

Supervisor von Beroldingen also expressed concern over the fact that funds for homemaker services will be discontinued effective November 30, 1973, for certain totally disabled persons, and asked that a communication be directed to the Department of Social Services asking what plans it has for continuing payments for these services in light of the resolution recently passed by the Board expressing intent to provide local financing to the extent necessary.

No objection and Clerk directed to comply.

Supervisor Kopp requested that communications be sent to the Mayor and the Grand Jury indicating his interest in ascertaining

what, if any, action is being contemplated or has been taken on the Controller's report of irregularities in the Sheriff's Department payroll.

No objection and Clerk directed to comply.

Supervisor Kopp pointed out that before the Belt Railroad was sold it had 70 employees but now there are only 20 people engaged in its operation. However, 50 additional employees are currently on the payroll of the Port Commission. The Supervisor asked that a communication be directed to the Port Commission asking what has happened to these 50 employees, what job classifications they occupy, and, by what method they are still retained on the Port Commission payroll.

No objection and Clerk directed to comply.

Referred to Committee

Request that consideration be given to the installation of stop signs at the intersection of 42nd Avenue and Point Lobos Avenue.

Supervisor Kopp presented:

File 18-73.

Referred to Fire, Safety and Police Committee.

Resolution endorsing H.R. 9895, the New American Education and Employment Assistance Act.

Supervisor Kopp presented:

File 628-73, Resolution No.

Referred to State and National Affairs Committee.

Request Granted

Supervisor Kopp referred to reports that City employees were actively engaged in the recent election campaign and requested that the City Attorney advise whether the provisions of Charter Section 8.311 and other sections are still in effect and if so, why contributions and physical campaigning by employees would not be in violation thereof.

No objection and Clerk directed to comply.

Statement

Supervisor Kopp read the following statement and requested that it be included in the Journal:

Two weeks ago, on November 5th, we were asked by Supervisor Mendelsohn to adopt a motion to award a certificate of honor to a Mr. John Factor. It was not until after I, and I am sure all of my colleagues, approved what appeared to be a routine matter that I learned who Mr. Factor is. I am now informed by

the Clerk of the Board that it is too late to rescind my vote on this matter since the certificate has already been printed. Therefore, I would like the Journal of Proceedings to reflect my sentiments on the matter.

Had the identity of Mr. Factor, who is a resident of Los Angeles, been revealed to us by the maker of the motion, I can assure you that my vote would have been in the negative for this certificate of honor. I feel that we should have been given an explanation of the fact that Mr. Factor is a resident of Los Angeles and the same man who has been known for over fifty (50) years as "Jake the Barber", a former Chicago mob figure, and a man well known to law enforcement authorities all over the country. I also feel that awarding a certificate to a person, whose reputation is less than honorable, is demeaning, not only to this Board but also to all of those deserving people to whom we have awarded certificates of honor in the past. I believe that the pride with which these certificates are both given and received has been tarnished by this action, and I regret having been made a part of it.

Referred to Committee

Resolution urging the Public Utilities Commission to take immediate action to consider the extension of Municipal Railway Line No. 15 to provide service for residents of certain San Francisco neighborhoods.

Supervisor Molinari presented:

File 633-73, Resolution No.

Referred to Streets and Transportation Committee.

Resolution urging the Public Library Commission to request a supplemental appropriation of funds for the purpose of hiring a Library Technician and a Junior Clerk to be assigned to the talking book department, and urging the Mayor to approve said request.
